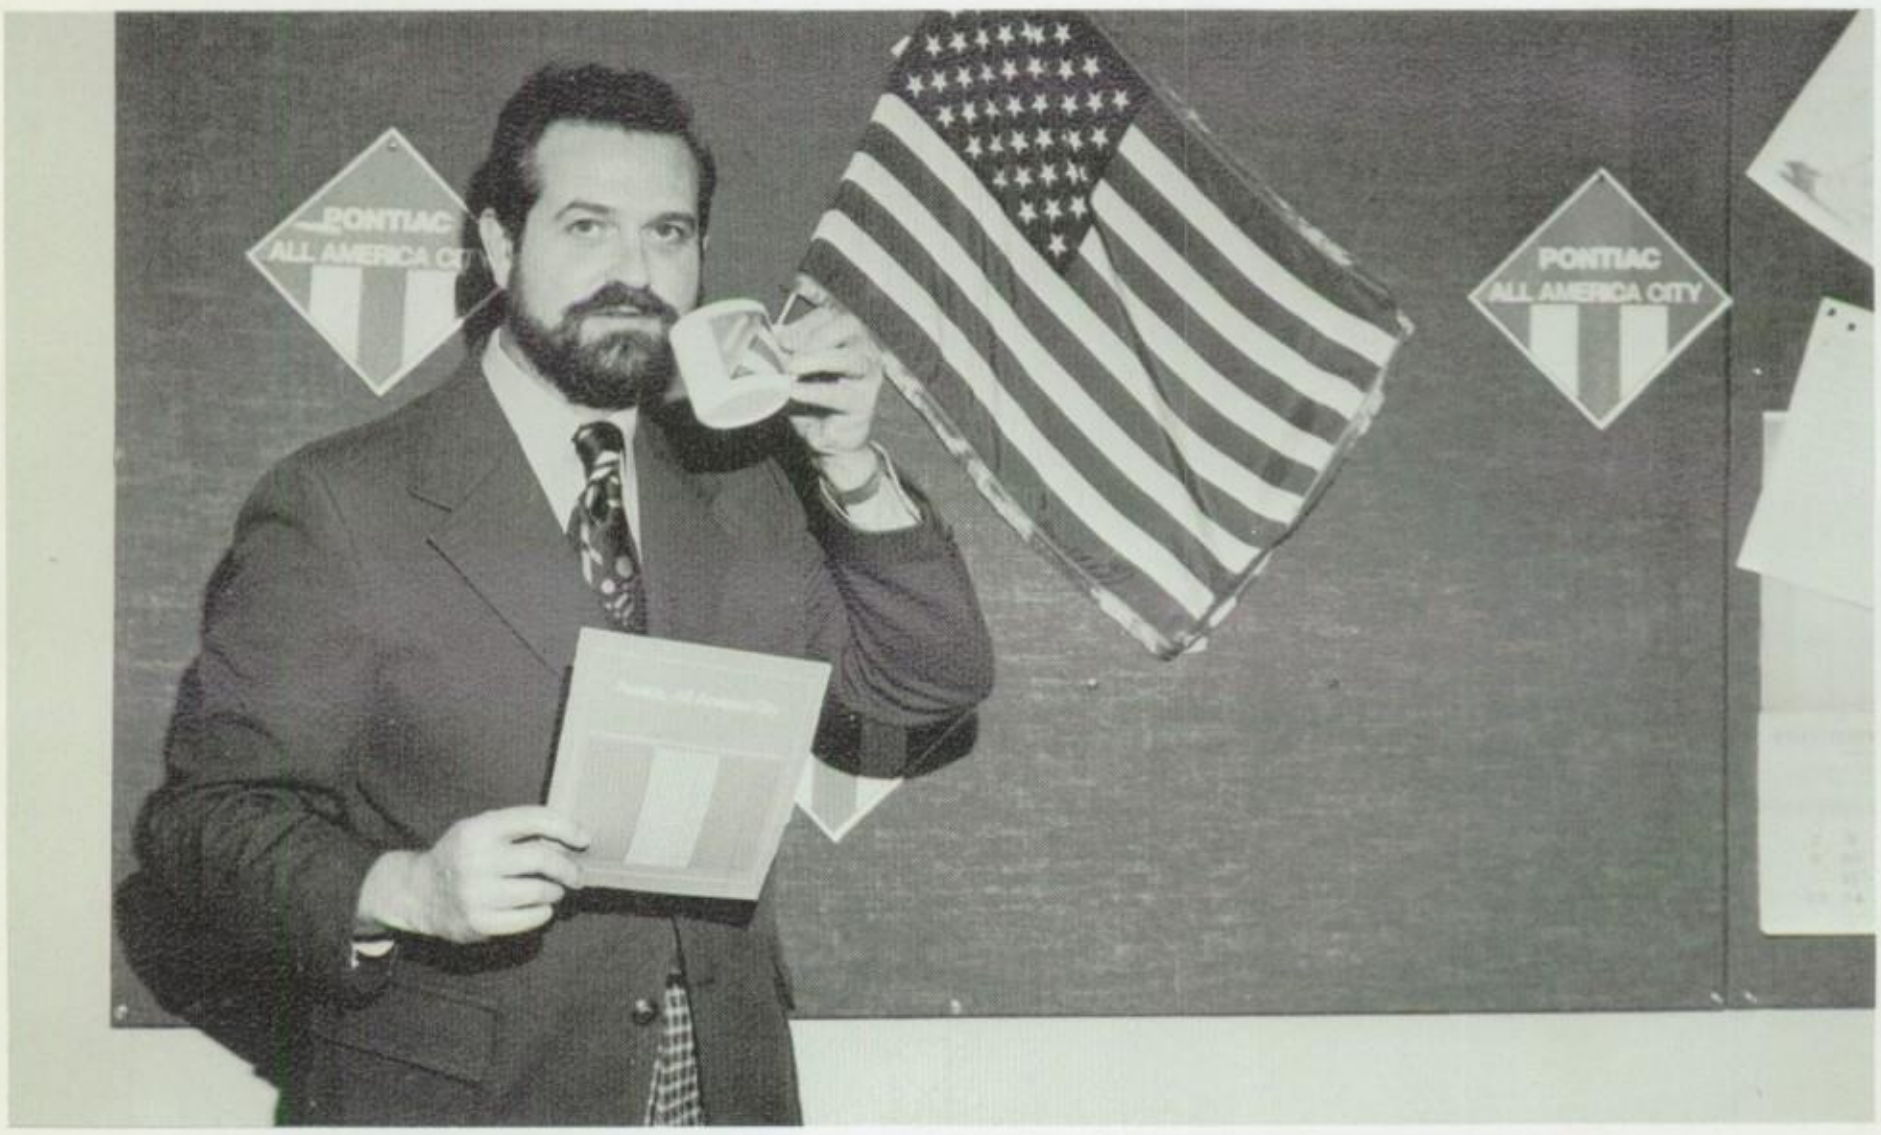
A DREAM



Above: Here we have Mr. Ferguson, who tried so hard to promote "Pontiac All-American City" as the 1975-76 yearbook theme. So in his honor the 1975-76 Avalanche staff dedicates this picture to his endless efforts to make his dream a reality.

A REALITY

TOGETHER

PONTIAC
ALL AMERICA CITY

Being chosen "All America City" and completing "Pontiac Metropolitan Stadium", both in the year 1975, brought about a great deal of recognition for the city of Pontiac.

Pontiac was given the honor, because it was a community with problems working intelligently and hard to overcome obstacles to growth and improvement.

Specifically, Pontiac's citizens earned recognition for their work in three areas:

1) Peaceful implementation of court-ordered school desegregation

2) Making Pontiac the site of Pontiac Metropolitan Stadium

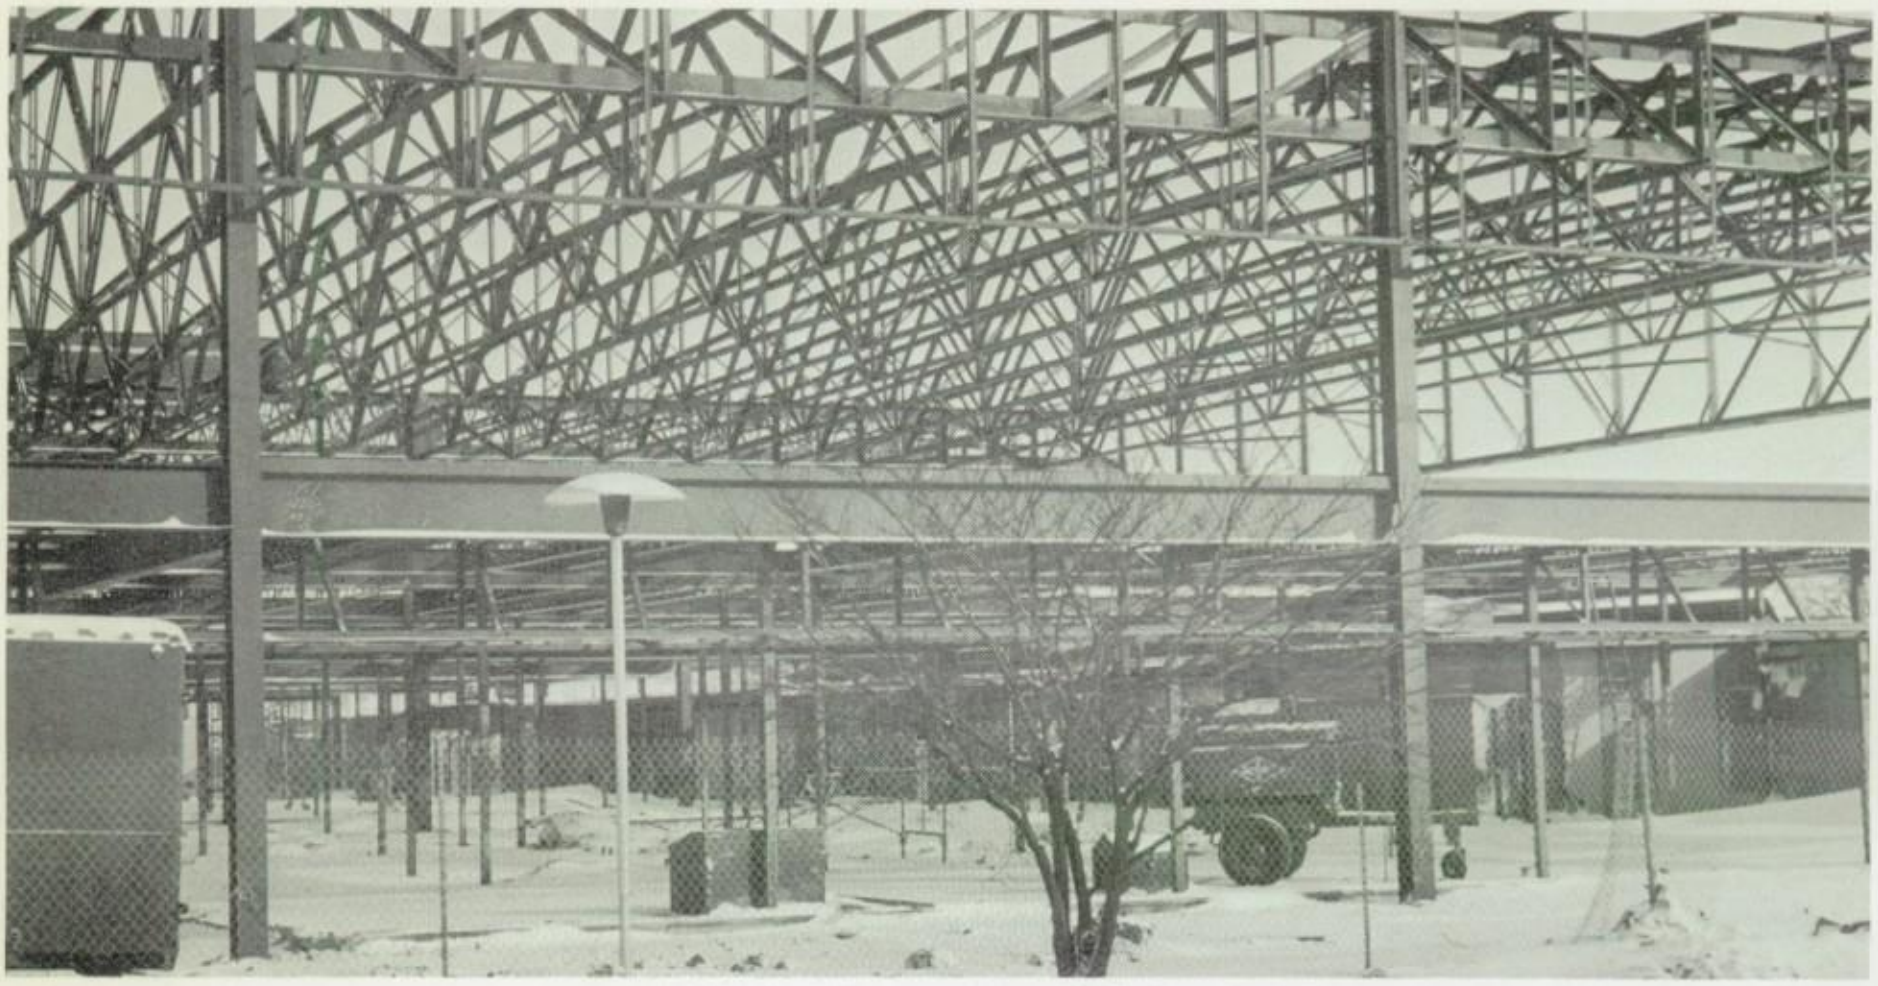
3) Rekindling community spirit and renewing interest in downtown redevelopment through creation of the Wide Track Festival.

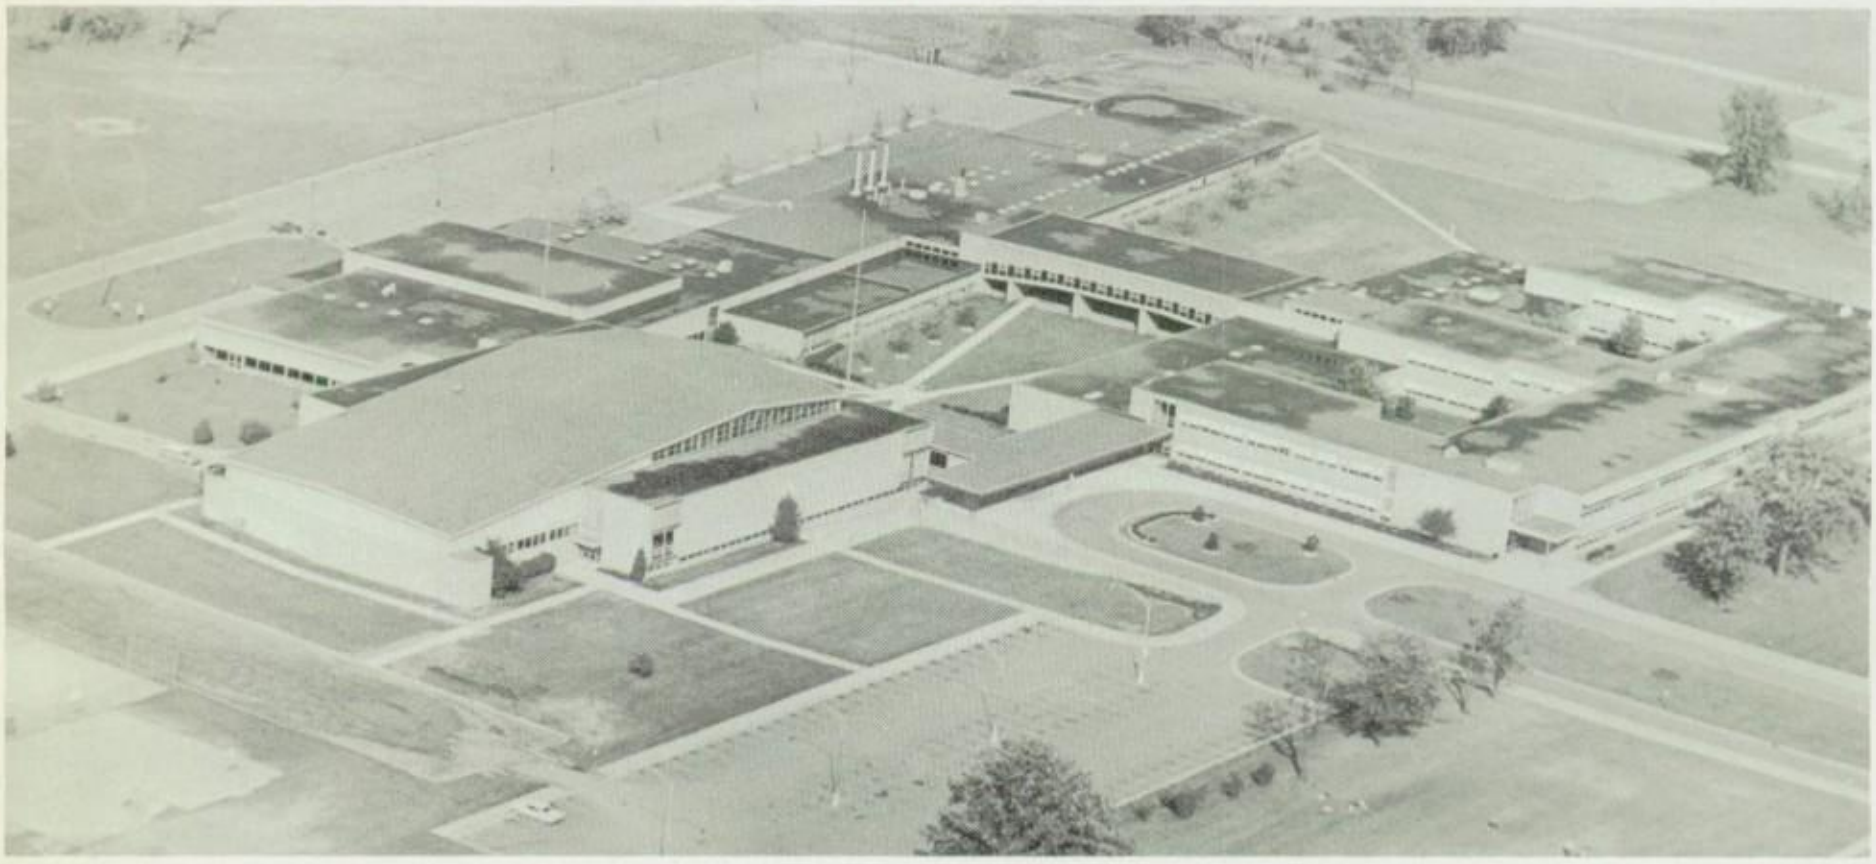
July, August and September brought a lot of fun and excitment with ... races, ethnic festivals, a rodeo, and a "festival of life".

Pontiac Metropolitan Stadium is one of the largest stadiums in the United States. It comfortably seats 80,000 patrons. Pon Met brought jobs as well as entertainment for the residents of Pontiac and surrounding towns and cities.

The All American City Honor and Pontiac Metropolitan Stadium were both dreams that converted into realities. The Avalanche staff of Pontiac Northern salutes the city of Pontiac for it has proven "Together We Can!"

18 YEARS LATER

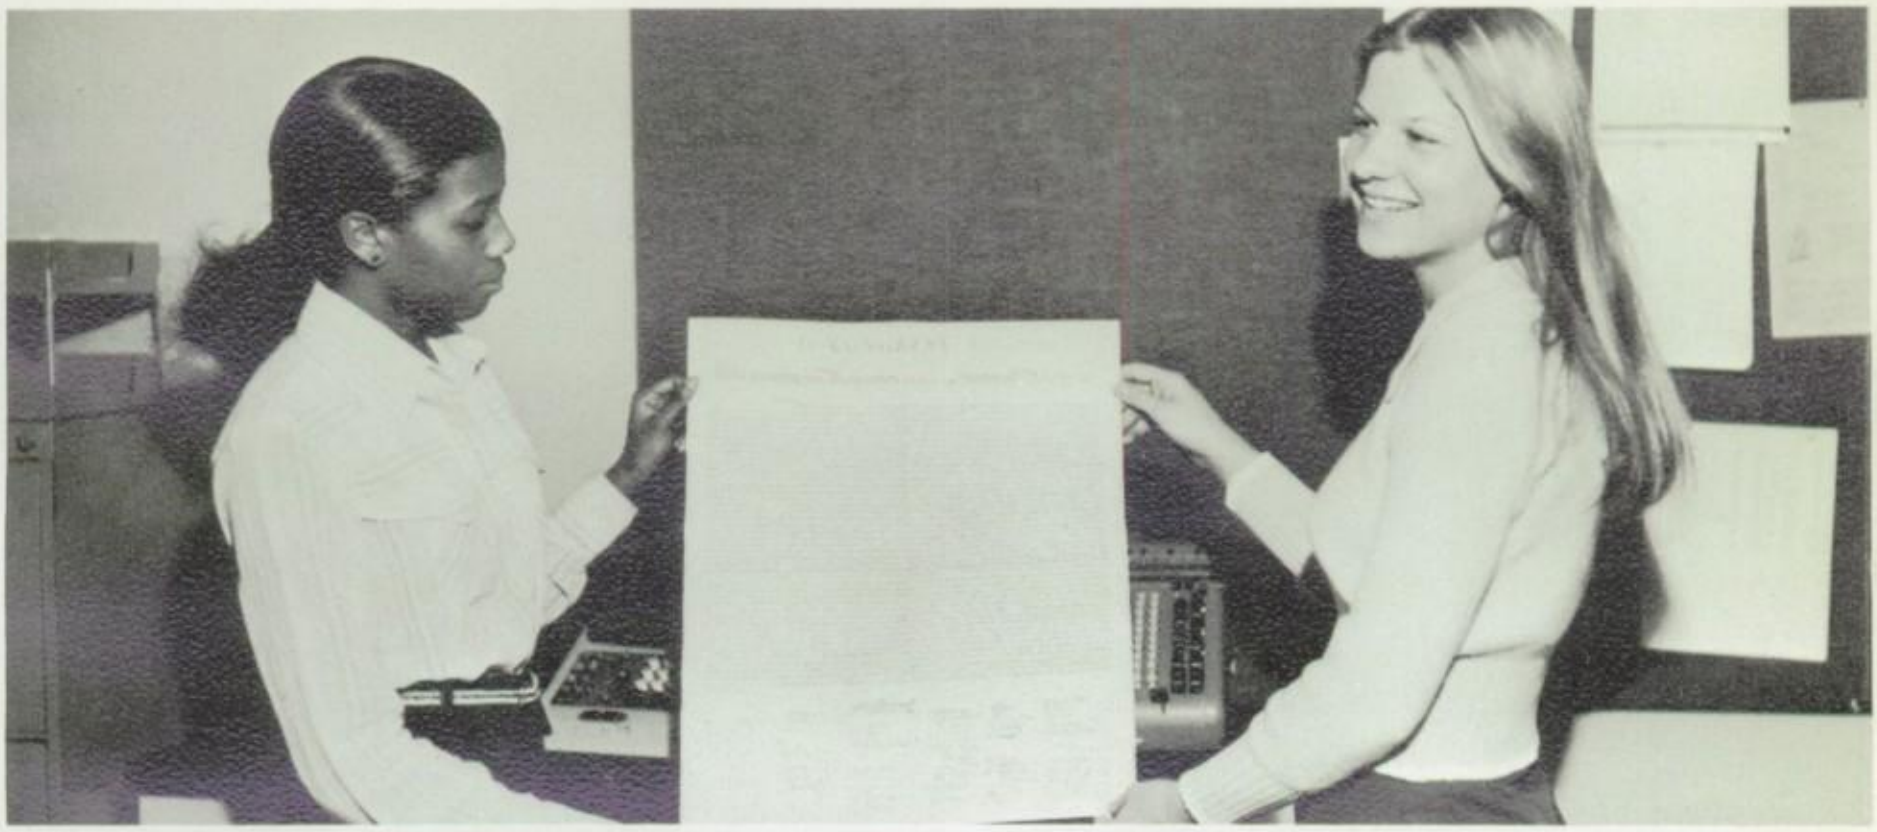




Pontiac Northern has changed quite a bit since 1958. Prior to this year many changes have occured. A second level has been added, a new gym (in honor of the late William C. McKinney), and a few other changes. Northern started out as an idea approximately 20 or 21 years ago. It is now an actual building which opens its doors five days a week for the purpose of educating high school students, levels 9 thru 12.

Though some of the students consider it a prison, in reality it is another home where we can see our friends and tackle a variety of problems that alone may have been impossible.

200 YEARS AGO TODAY



Independence of the American colonies from Great Britain remained a hopeless dream in the minds of many Americans until April 19, 1775, when the American Revolution first began.

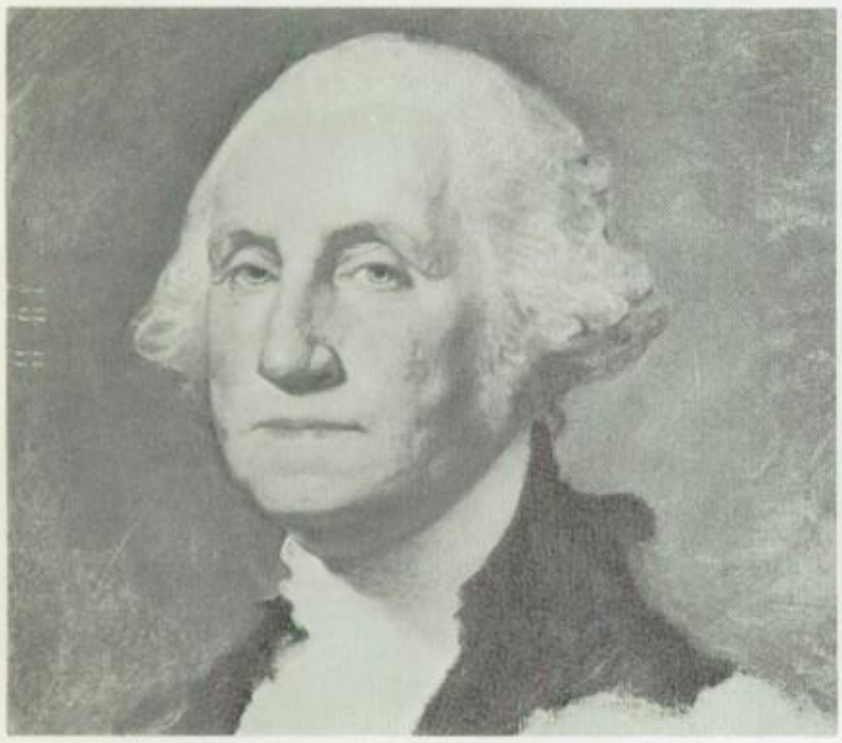
On July 4, 1776, the Second Continental Congress adopted the Declaration of Independence. Ties between the colonies and the mother country had now been cut.

Top: Vicky Sabins and Cherry Cannady look over the Declaration of Independence with amazement as to what has happened during the span of 200 years which relate to the purpose of this document.
Above left: Scene from Revolutionary War.
Above right: Senior Float which portrays the Spirit of 1776 and 1976 combined.

LEADERS OF . . .

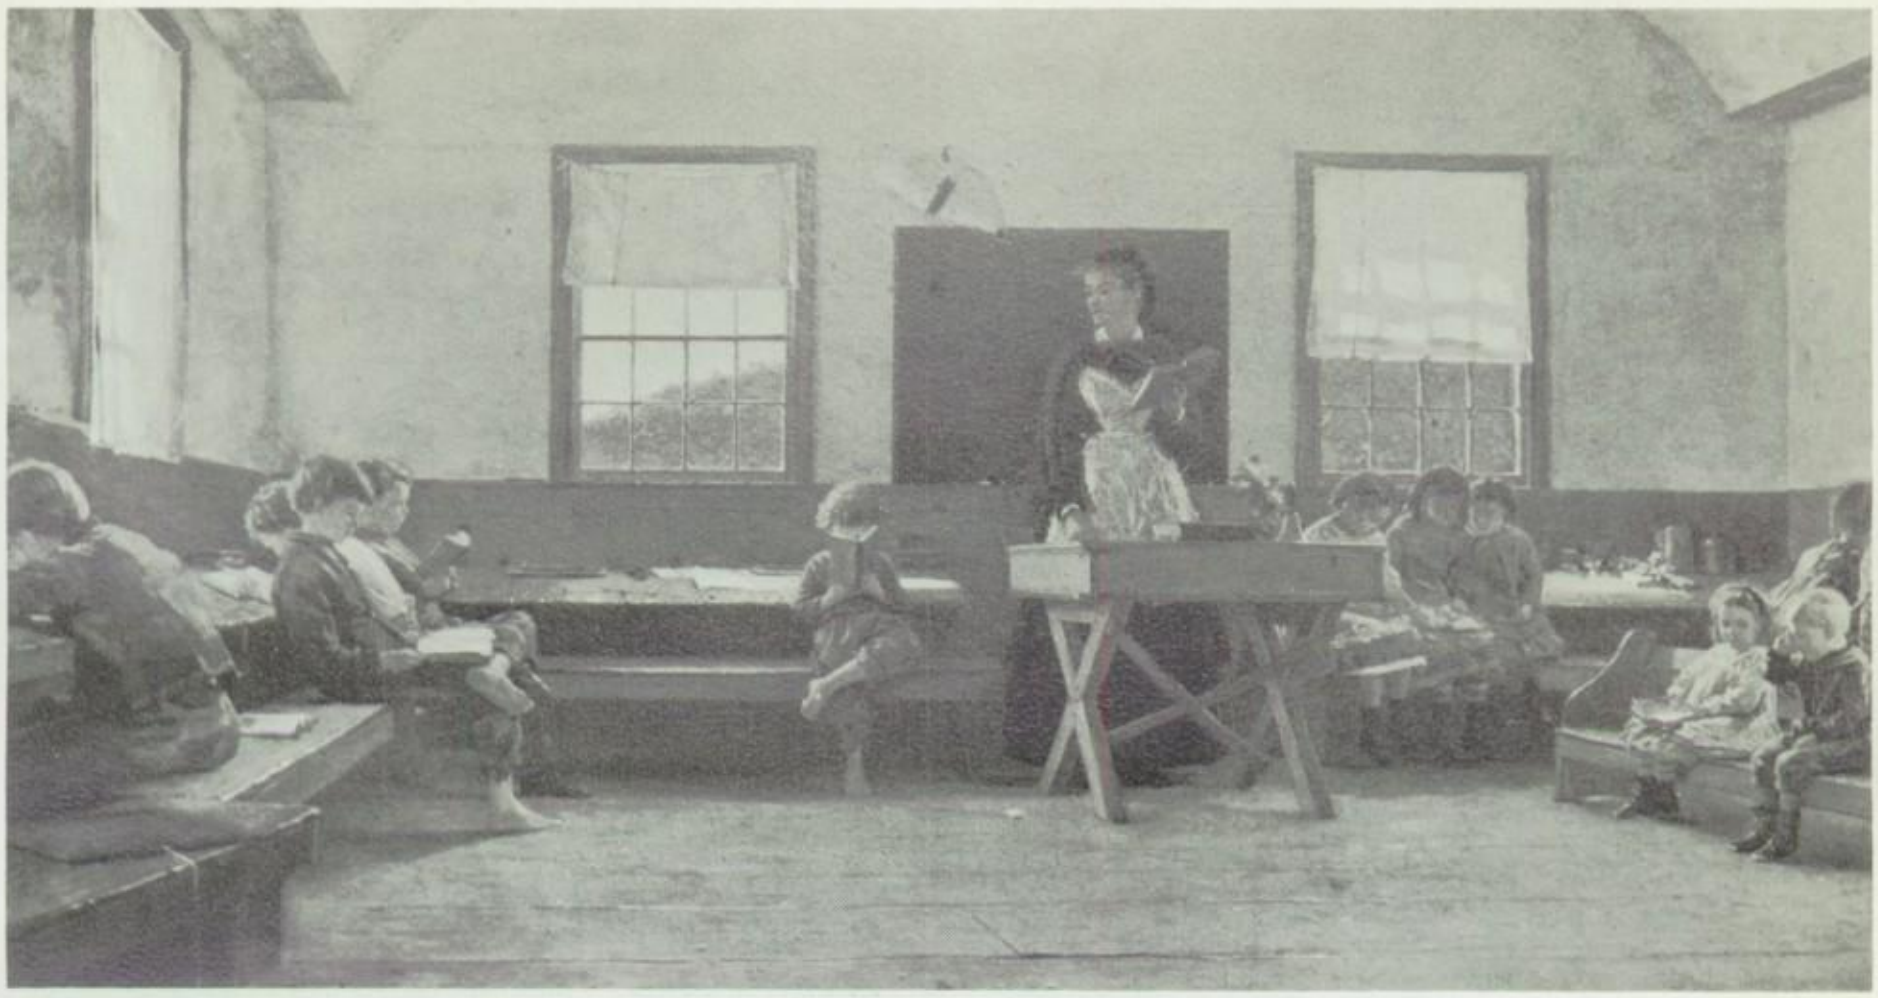
Above: Mr. Johnson (Senior class Principal).

Mr. Johnson has been with the Senior class since their sophomore year hear at Northern. I'm sure he has always wanted to be a class principal and he accomplished that desire to do so. And although he is generally quite busy with Senior business he took out a few minutes to be photographed. As he smiles he lets us know he enjoys every minute of it.



Above left: George Washington (1st President of the U.S.)
Above right: Kathleen McAtee (Senior Class President)

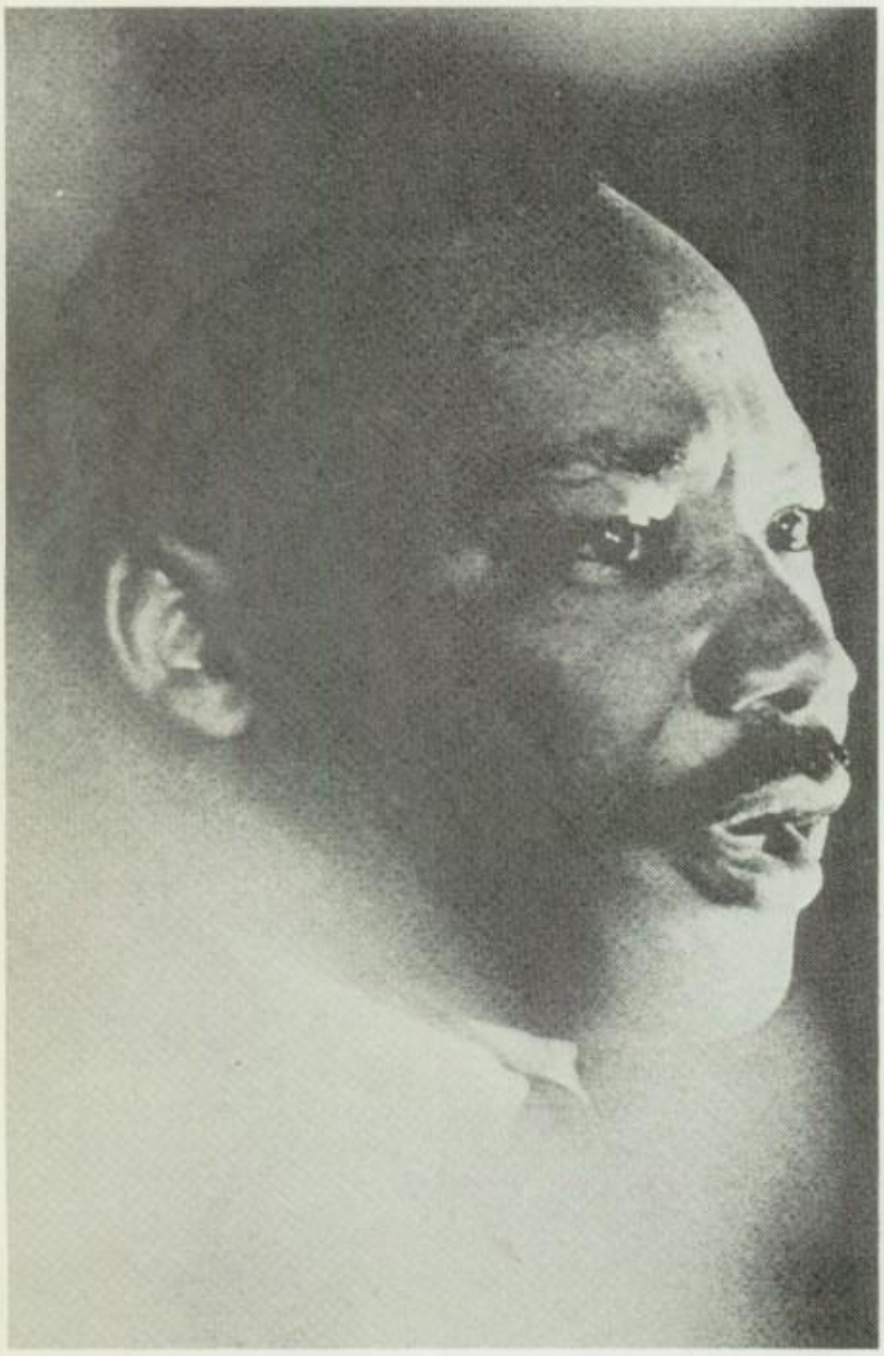
Just as George Washington led our country in battle and leadership so does Ms. McAtee. Although she doesn't do any physical battling she leads the Seniors as President. Ms. McAtee has always wanted to be class President, and has been in her 8th, 10th, and 12th grade years.



Top: Old classroom scene
Above: Mr. Balzarini and his history class in Little Theater

Long ago the only learning process for the student was the reading book alone. Teachers and others have always wanted to improve this situation. As you can see Mr. Balzarini has taken his class to view movies as another means of educating the student.

"I HAVE A DREAM . . . . . "



Above left: Martin Luther King Jr.
Above right: Sheila Denise Brent
Right: (left to right) Mrs. King, Ms. Battle, Marsha Valko (back).

Just as Martin Luther King Jr. had a dream that one day our nation would join hands and walk together as brothers and sisters living in peace, so did those at Northern have dreams.

Sheila Brent had a desire to become Homecoming Queen of the 1975-76 school term. After much campaigning and the writing of an essay, and voting by students, faculty, and others, Ms. Brent came out on top.

Mrs. King and Ms. Battle worked so hard in trying to make homecoming ceremonies a little more unique than previous years. When it was all over they were glad, satisfied, and tired!

"200 YEARS OF ... DREAMS TO REALITIES"

It's a proud heritage we have. Lexington and Concord ... the Declaration of Independence ... Valley Forge ... Washington ... Jefferson ... Lincoln ... the Westward Movement ... pioneering in the Space Age with man's first landing on the moon.

The United States Flag, hangs over our Nation representing Freedom and Equality.

July 4, 1776, the Declaration of Independence was adopted, thus disconnecting the colonies from the ties of the Mother Country, just as we Seniors will be separated from our parents as we step out of our dream world into the world of reality.

The dreams of many people years ago concerning the outlines of our country are now realities due to nature and man. Distant dreams were those of Ford and his automobile and James A. Naismith's invention of basketball. We see in our daily living how far the automobile has imporved from the 1958 Pontiac to the 1976 Pontiac Catalina. History shows that man played even in the earliest times. He gradually reorganized his play into games, and as civilization developed, his games developed also. Educators finally recognized the importance of sports in the total education of students, that play and exercise became part of the school program.

Minority races have risen to higher positions, each contributing his own share of ideas and dreams which coverted into realities.

The years 1974-1975 brought realities of being chosen "Pontiac All America City" and the completion of Pon Met (Pontiac Metropolitan Stadium). For both were dreams that the citizens of Pontiac contained within themselves.

Years ago problems of crowded conditions, too many students at one school and the desire for another Pontiac High School sparked the dream of building Pontiac Northern. Ground was broken and construction started, this set the Northern dream into progress. The school was finished prior to September of 1958. And in June of 1959 the first Senior class graduated from Northern.

We Can, with great pride and respect, continue to say ... "Yes, America has greatly advanced in 200 years. Due to man and his resources, we can continue to dream knowing one day soon, our Dreams can be Realities!"

"200 YEARS OF . . . . .

DREAMS TO REALITIES"

MOMENTS OF FREEDOM

Student Life deals with the life of you, the student. The life of a student is hectic but always exciting and usually quite fun.

Student Life is as important as academics, for it gives students an outlet from classroom pressures. As we sit in class staring at the old clock on the wall, we wait impatiently for that moment when we can leave the classroom and enter our own individual world (the halls). Where we see the smiling faces of friends and talk with one another about personal events for a brief moment without the teacher's usual interuption, such as: "Quiet! I'm trying to explain your assignment."

Student Life isn't only the Halls, it's Proms, concerts, dances, organizations, sports, etc., and it is these things that are ordinarily on the mind of the student rather than class or homework.

We sit, we work, we converse, we have fun together, and, of course we dream! But, through it all we know one day it will all be over and the realities of yesterday will be reoccurring dreams of today. For Student Life will always be looked upon as, "Moments of Freedom."

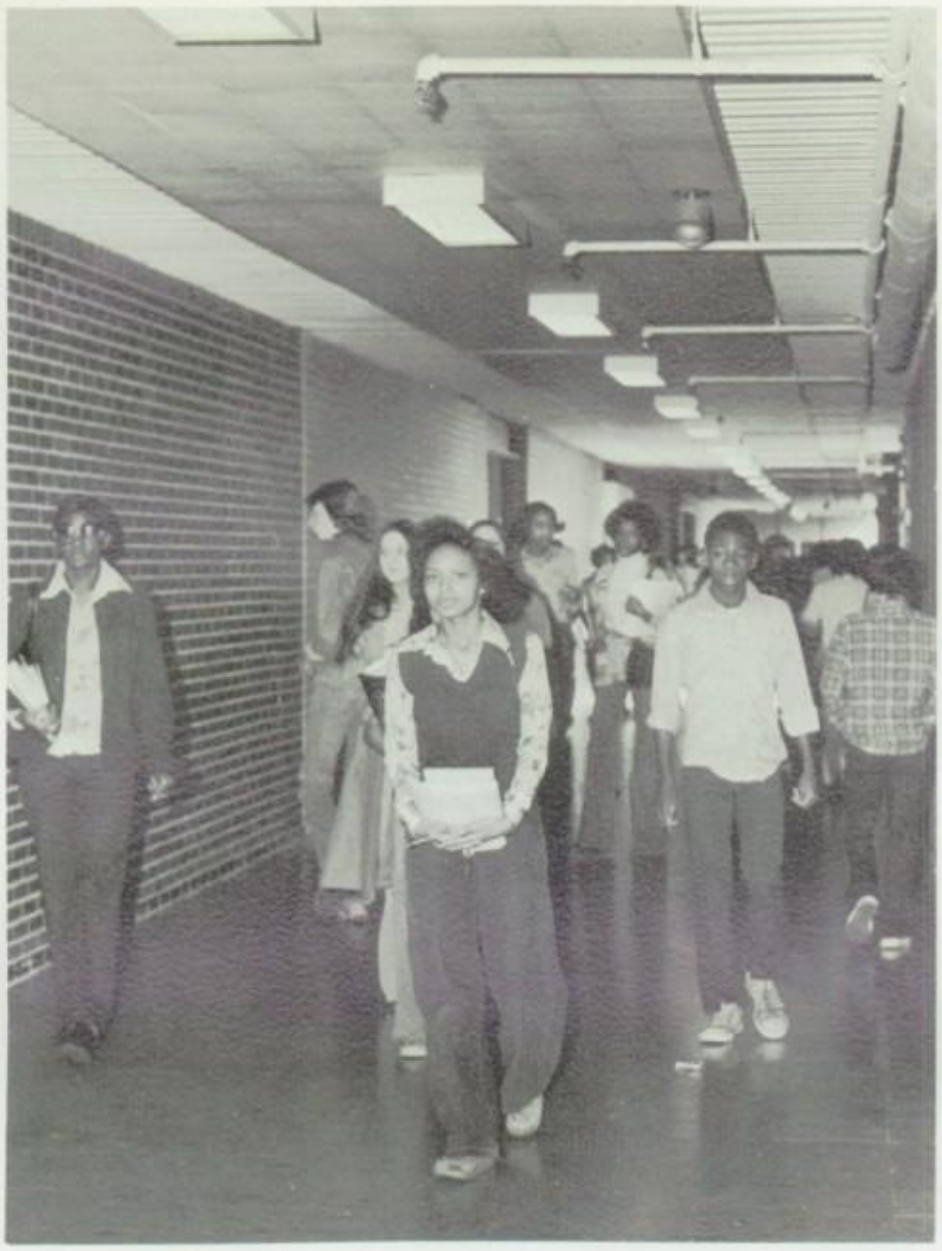
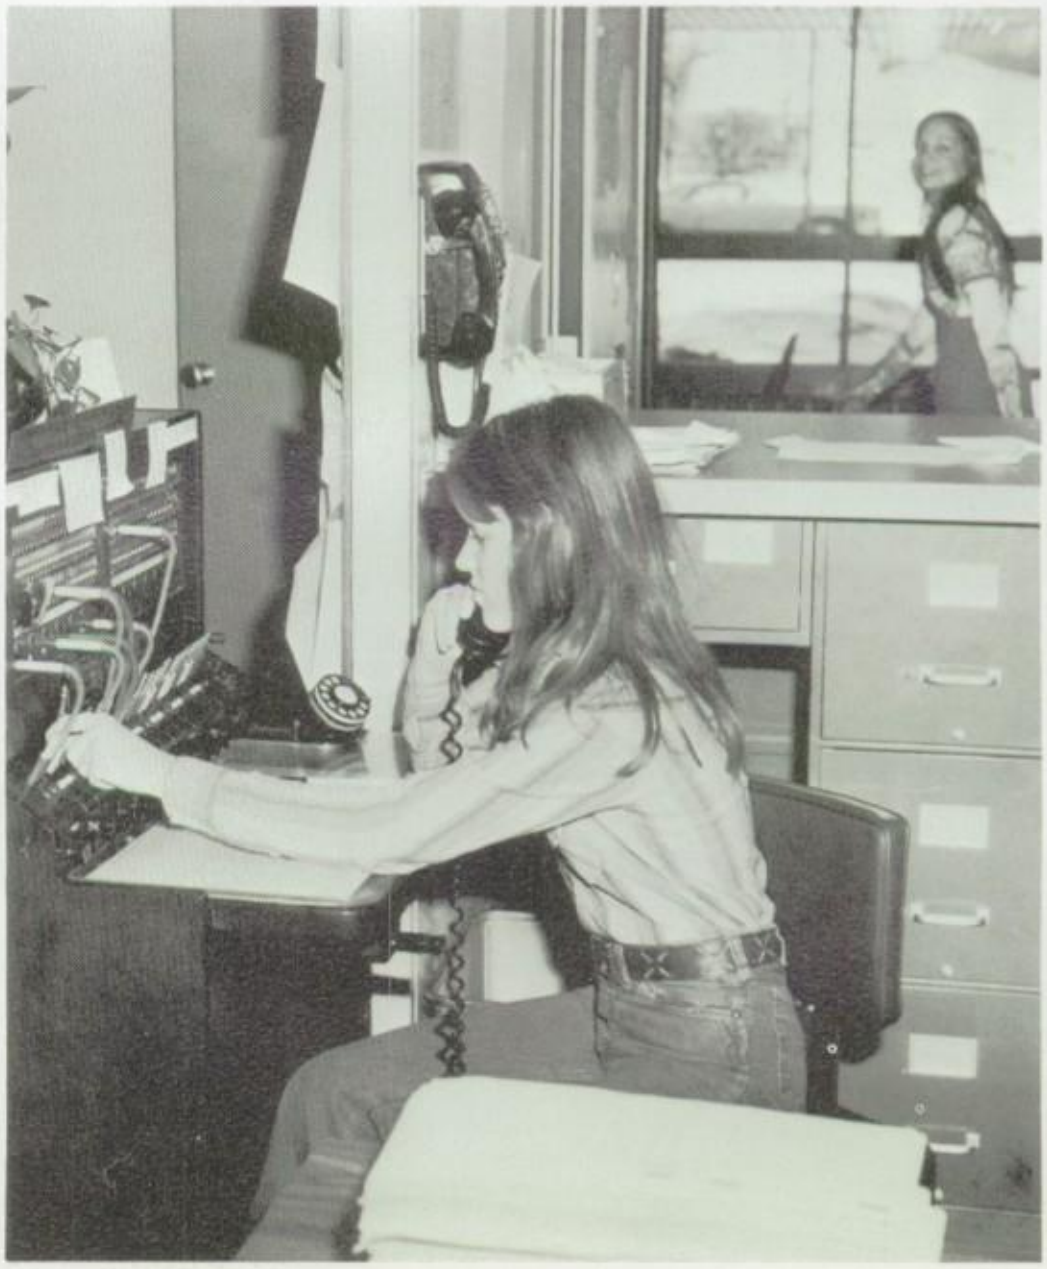
Visualizing the Future



The halls will always ring



Dreams still come true

Our 18th Annual Homecoming was a big success. We had representatives from every class again this year. The nominees for the court had to write an essay saying why they would like to be on the Court. After writing the essay they had to get a petition with fifty signatures on it from their fellow classmates. Then their names were put on the ballot and were voted on.

The homecoming game was very cold and even though we lost the game, the homecoming dance was great. The "Cloudburst Band" put on a great performance and everyone had a great time.

Our Youth

A NEW BEGINNING

Although this was the second year of the Freshmen here at Northern, when they began school in September, they not only found themselves lost and unaware, but on the outside. As each day passed by they had forethoughts of being part of the Huskie Family by becoming involved. One by one they emerged and the Freshmen became truly involved. They became involved in organizations as, cheerleading, band, choir, and other activities. The Freshmen continued to progress on their own basketball and football teams.

The Freshmen this year have realized that they are no longer small children that are unaware, but teenagers who must stop daydreaming and start preparing for the years ahead. They are continually proving to the upper classmen that they too exist, are human, and are determined to make their individual goals a dream come true. And they will always know that they were a part of "A New Beginning."

FRESHMEN

Being a class officer is a big responsibility as any of these people would be glad to tell you. The Freshman officers have really been trying hard this year. They competed in the Float contest at Homecoming time. Their biggest project though was a candy sale in which the outcome was really good. The ninth graders on the gymnastics team made up 65 percent 'of the team. They practically all started in at least one event for the season. Stephanie Sanders received two state qualifying scores in tumbling. For the team awards she took first place on the trampoline, second in tumbling, and third in floor exercise. The girls did a fine job this year. The gymnasts are: Paula Sewel, kneeling Cynthia Williams, Stephanie Sanders, Pam Erwin, Kim Twitty; standing: Colleen Kearns, Teresa Gazette, Mary Ewald, Vanessa Kimble, Linda Hofelmeyer, Tina Hoskins.

Bottom: This years Freshman Float was a winner to them even though it didn't come in first place in the float contest. Their theme was The Way We Were. The Freshmans spent about a week of hard time and effort at Anita LaVerne's working on their float. They will be trying alot harder next year for an even better float.

This years Freshman Homecoming Court Representatives were elected from a group of 17 girls and two guys. These people were selected by writing an essay on why they would like to be Homecoming Representative. Other qualifications were good attendance and good grades. It was a long and tiring process. The successful candidates were Rhonda Duke and Jessie Rodriguez.

ACADEMICS

PREPARING FOR THE FUTURE

Years ago problems of crowded conditions, and the desire for another Pontiac High School sparked the Dream of building Pontiac Northern. Northern was finished prior to September of 1958, and the first Senior class graduated in June of 1959.

Northern's Academic schedule runs from the basic American Government, English, and History classes to electives such as, Math, Art, and Black Literature. To many students this aspect of student life tends to be thought of as the most hectic. Although, this theory may be true, the fact that education is needed, and will always be quite valuable to an individual is an even more realistic statement.

Years ago few people were educated, some educated themselves. It was a long hard struggle that few conquered. But, for those who got over it was worth all the imaginative pain and agony.

Education has come a long way from Booker T. Washington's founding of Tuskeegee Institute to the opening of Northern and other public schools. Although the techniques have changed the meaning behind basic teaching and learning have remained the same.

Just as the first graduating class of 1959 battled with knowledge, the graduating class of 1976 joined together to form an educational army with our teachers as our allies and friends and battled to conquer our studies, in order to be the victors over todays world and tomorrows problems.

As we become older and recollect high school events, we will always recall Academics, for it gave much needed knowledge and help in ... "Preparing For The Future."

The administration at Pontiac Northern is a very strong one. This year Mr. Hixon has been an addition to our staff. They have tough jobs and responsibilities. The things that they do are not to be mean but it is because they are concerned for the students at Northern. They want to and will try in every way possible to make Northern the best. They also want the students to have an enjoyable four years as a Huskie.

Advice In Planning

The counselors at Northern are very busy. Each counselor has many students that they have to learn to know and talk with. They are there to help you schedule for the courses that are best. Assisting you in filing your applications and helping you pick a college are just part of the things they can do.

Yesterday's Picture,

Today's Word

English at Pontiac Northern is very important. Each student must have English all four years of their attending at Northern. English is a course that will help students in the future. This subject will be of good use if you go away to college or in your everyday use. Our English Department with the help of Mr. Hull the department chairman tries very hard to teach the classes that they think will be helpful, interesting, and fun to the students. Some of the courses are: Black Literature, Mythology, Creative Writing, Public Speaking, Drama and college prep classes such as Survey World Literature.

What Will I Become?

Career Development is that growing class taught by Mrs. Battle, Mr. Landers and Mrs. King. This class is taught 5th hour and sixth hour. The teachers work very hard to take the students step by step through the process for developing a good career. The students go on internships and spend time with a supervisor on a one-to-one basis.

A History Of Dreams Come True

History is a subject that everybody needs. We should learn as much about the world as we can. In history you learn things such as conflicts in Vietnam, busing and the exploration of space. The things that you never dreamed about being history in a few years might be. The History Department have other courses to offer other than just history classes. They offer: Psychology, Sociology; and Current World Affairs.

A Dream Of Communicating

Foreign Language is becoming very important in our Society and world. The courses French, Spanish, and German are very helpful. One day you may go to a different country and one of these languages might be helpful to you. The Foreign language department tries to give you the basic ideas about the language. They also teach about the people and their customs.

Theory To Fact

At Northern Mathematics is required only for the ninth graders. Students don't realize that Math is important. It can help you if you plan to enter the profession of electronics or computers. The Mathematics Department has many courses to offer you. Some are: Basic Math, Algebra, Geometry, Trigonometry, Geo-Trig, and Math For Daily Living. This year we have a new Math Department chairman, Miss Dulzer. She is trying very hard to make the department one of the best at Northern.

Yesterday's Skill, Today's Jobs

The business field is offering many jobs and the business department at Northern is trying with all their effort to prepare the students for these jobs. The staff members are preparing students to enter the secretarial fields and varied clerical work. Some of these courses offered are: Office Machines, Retailing, Salesmanship, Typing Shorthand, Filing, Business and Data Accounting and Business English. This year we have a new two hour block class called Clerical Machines taught by Mr. Ferguson, the Business Education Department Chairman.

A Dream Of Yesterday, Reality Today

Music is something that we all like. Rather it be classic, rock, country, jazz gospel. Some students take music because it relaxes them but for others music is just one of their talents. Music makes them want to dance or sing. Music requires a lot of practice and participation. The Music Department at Northern is getting stronger everyday. We have at P.N.H. three great music teachers who try to help their students as much as they can. The music department offers Orchestra, ACA Choir, Girls Choir, Piano Lab, 9th grade Choir. We also have 3 bands the Symphonic, Concert, and Varsity Band.

Another field of study which is challenging is the field of science. Science is a course that a student who is planning to go to college must have. The science staff is trying very hard to teach the students about today's scientific world. The courses they have to offer are: Biology, Physics, Chemistry, Geology and Advanced Chemistry.

Electronics Is The Power Of The Future

One of the departments that people don't think of is the Industrial Arts department. The training that you get in these classes can help you in college or even a little training school. Dreams That Came True

Home Economics is learning about the domestic situations which will be important in the future. Our teachers of Northern try very hard to get the students prepared for the future some of the type of classes offered are: Advanced Clothing, Home Economics, Child Development and Men Foods. This year the Home Economics department has a new class called Restaurant and Hotel Management taught by Mr. Snowgold. This class prepares food to sell to the student body after school.

Shaping Up For The Future

Physical Education is the subject that everybody is required to have 1 year of The teachers teach students how to swim and do other activities. It is a course where you get a chance to let your muscles work and do things that are fun. The Phys. Ed. Staff have really shown themselves qualified. One other important thing that they do is teach their students sportsmanship.

A Hope They All Waited For

Driver Education is the class that most of our 10th graders attend. The purpose of this class is not only to learn to operate the car but to learn the rules to driving. At PNH the teachers try very hard to give the students the practice. Each staff member cooperates well. Sometimes they're on the range, in the classroom, or in the simulator.

Thoughts Of Skills

Researching To Find The Facts

The Library is that room where you can go in pick up a book and read it quietly. You can do research papers on any subject that you like. The library is a place that is quiet and peaceful and you must share. The librarians at Pontiac Northern are very nice about assisting you in the things that you can't find. Mr. Buller, Mrs. Davis, Mrs. Cook, Mary Graham and Margaret Miller are those people who help keep the library running well.

Nightmares Of Our Next Job

Without the Maintenance Department what would we do? They are the people who make our school look clean and neat. They are the ones who are always smiling no matter what their next job is to do. If anything is broken don't worry because maintenance will be there in no time to fix it and do it well.

REALITIES OF LIFE

Sophomores are about to experience three of the most exciting years of their life. Sophomores are a part of Northern and are aware of the responsibilities that they have as a class as well as individually. The class of "78" made many great accomplishements this year such as the Donut Sale they sponsored each morning from 7:45 to 8:00. This experience gave sophomores the opportunity to prove to the other classes that they are responsible and capable of fund raising projects for their class. But, still yet, the Sophomores most valuable accomplishment was finding themselves, and what responsibility is all about. When they begin to pass through their high school days, they will realize that the many new and wonderous events that they experienced as a Sophomore will have a great affect on their remaining years at Northern and the future. For they too, now realize the "Realities of Life."

This year's Sophomore officers were elected in a different way – the process was by voting machines. This new system which was very successful and will probably be adopted for year's to come.

Sophomore Class officers are: Greg Atwell - President, Charlie Davis - Secretary, Teresa Henley - Co-Treasurer, Anita Compton - Vice President, Karen Lektzian - Historian, and Mollie Ussery - Co-Treasurer.

The Sophomore Advisory Board consists of all the officer's and members from the student body. The members are: FRONT: Greg Atwell, Charlie Davis, Teresa Henley, 2nd Row: Anita Compton, Karen Lextizian, Mollie Ussery, Kent Copenhaver, BACK: Marsha Valko, Tonya Martin, Karis Jones, Sandra Washington, Sue Arnold, and Lee Angeloff.

Dreams

Can

Come True

For the 1975 Homecoming Court Greg Atwell and Irma Cruz represented the Sophomore class. A new system of voting was brought to our attention by Mr. Hixon and used to elect the couples. Voting machines were used and votes were counted that way instead of ballots being used. All classes were able to vote for their representatives and for the King and Queen. Irma and Greg made the sophomores proud to be their representatives.

SOPHOMORE CHEERLEADERS
This year's Reserve Cheerleading Squad has done a great job. These five girls practiced three days a week from 1:30 to 3:00. You could have seen them cheering for our Wrestling and Swim teams. They are: Top-Captain Sylvia Reed, Bottom-Jannette Firman, Top-Lee Angeloff-Co-Captain, Bottom-Bev Firman, and Delora Burnett.

This year the Sophomore's float was a winner in more ways than one. They had a third place title, and they were the only class to have their representatives sit on it as it went by the crowd at half-time.

GYMNASTIC'S

Two girls were fortunate enough to make the gymnastics team this year. They are Ibbie Rogers and Lori Keeley. They contributed grace and skill to the successful team. The Sophomore class is proud of these young ladies.

FAMILY TOGETHERNESS

Minority races have risen to higher positions, each contributing his own share of ideas and dreams which converted into realities.

The thought of Bicentennial gives many of us the impression of Family Togetherness. Northern can only express these family ties through the various organizations formed. Organizations range from Bridge Club to Karate. Whatever your interest there's always a club available to join that suits you. Not only do the various clubs help build school pride but also self pride as well. Students learn to work with others of the same interest and at the same time completely different backgrounds.

It is not the advisor, however, that keeps the organization going, it is the student. Why? Because for some strange and wonderful reason, the student feels a need to accomplish something more than his/her diploma. The student realizes that the organizations were formed for his benefit of transposing his ideas into organizational realism.

As we grow older we will remember the days that Organizations helped to build the Huskie's, "Family Togetherness."

Row 1: Yolanda Harris, Margaret Burch, Sherry Dotson, Melody Jones, Sylvia Johnson, Donna Weaver, Angie Carr. Row 2: Gail VanNatter, Sheron Anderson, Ellie Kokx, Nicki Larson, Karen Hanley, Nancy Kees, Tammy Powers.

This all girl group consists of only 11th and 12th graders. Ms. Setterlind carefully chooses girls only with matured singing voices. They have proven Ms. Setterlind know's how to pick 'em.

Right: Taking time out to practice is the secret to the beautiful sound of the Crystallaires.

All who listen"

This group practices two days a week from 7:30 to 8:20. Ms. Setterlind works hard with this singing group because their type music is exceptionally difficult. The name "Madrigals" means an old love song, and that is their interest in music.

Left: Keeping busy is no problem for Miss Setterlind since she is involved with six singing groups.

Far left: Miss Setterline accompanies and instructs the Madrigals at an early morning practice.

Interpretations and Presentations

Mr. Holiday worked hard for his group to go to the "Band & orchestra Festival" in Roseville, Michigan this year. They represented Pontiac well. They also had a very successful candy sale.

Far right: After many hours of hard work the Orchestra came up with an excellent float. The float's main attraction was Shelly VanMeer as the "Fiddler on the Roof."

Enthusiasm for the Efforts of Others

The Ushers Club assists at many activities in the auditorium and at parent-teacher conferences on a volunteer basis. After being a member for one year you receive a pin and in your senior year you receive a guard, these are awarded for participation. Each year they hold a candy sale to raise funds for their annual Ushers picnic.

Reaching Out

Working in the office is a good experience for any student. Working behind the scene gives you a chance to find out first hand how the school is really run. It is also good training because you learn a few office skills, such as running a switchboard and small office machines. Besides, working with administrators is more fun than working against them.

To Help Others

The Attendance Office workers really know the meaning of patience. With all of the chaos Mrs. Dyke has to put up with, you can always count on a smile when entering. Appreciation for all your hard work may not be shown often enough, but the school couldn't make it without you.

Huskie Spirit in Full Bloom

G.R.A. is one of the few ways for girls to receive a Varsity Letter. To receive a letter the girls must earn 300 points. They achieve these letters by attending various sports such as football, basketball, swimming and baseball. G.R.A. does many after school activities such as pool parties and volleyball games. They also plan to have a hayride.

Athletes United

The Varsity Club plays an important role in every students school day. Each day at 1:05 the mad rush for the Varsity Stand begins. The stand filled with eats, drinks and guys is a great meeting place for the talk of the day. The stand is just one of the clubs many activities. This year they also sponsored a basketball game against the Detroit Lions.

Bottom right: Here the sponsors for N.H.S. seem to find time to pose for a picture. Without their advise and supervision the club would probably go bananas. They are Mr. Keinert and Mrs. Gary.

The 18th annual Catalina show used the theme of Holidays. Miss McGraw the sponsor and all 20 of the girls who make up the club, put in a lot of long hours putting together, learning and practicing routines. In the show the girls swam to such numbers as St. Patricks Day, Thanksgiving, the 4th of July and many more.

The sponsor for the club this year is Miss McGraw. To do this job it takes a lot of patience, long hours of practice and most of all a lot of guts.

One was the Co-ed Duet, here is Kip Eberle and Vicky Sabins doing one of the mounts from their number.

Write On

Putting together a newspaper takes alot of time and hard work. Each month this class puts together the Polaris, which informs the students and faculty of past and future events. This also gives students the chance to show their writing ability and express their opinions. With the help of Mr. Cass and Mr. Hull the Polaris is quite a success.

Row 1: Brett Hartsoe, Roni Flores, Kathy McAtee, Tina Glyer, Ernie Watson. Row 2: Steve Porritt, Sheron Anderson, Larry Martin, Julie Sumpter, Doreen Alfaro. Row 3: Gordon Beckley, Mark Gardner, Ellie Kokx, Judy Bisgoni. Row 4: Stacy Lloyd, Floyd Sinkler, Tom Moore, Tom Threet.

"Practices - Performances - Success"

This small group of ladies brought pleasure and entertainment to many as they displayed their talents at basketball and football game half-times. During the summer they attended a camp in Ohio and received 3 ribbons. This group may be small in size but will be greatly remembered as the talented Rockettes.

Above right: The Rockettes take time out to show us one of their many formations. Kneeling: Patricia Smith. Center: Sharon Alexander and Linda McBride. Back: Angela Carter, Teresa Reyes, Claire Owens, and Gereldine Vininy.

Top: Here the Avalanche Staff is shown celebrating the countries 200th Birthday. They used the Bicentennial theme throughout the whole yearbook. Right: Without an advisor like Mr. Ferguson, the Avalanche staff just wouldn't know what to do. Here Mr. Ferguson is shown with one of his favorite seals, "The Pontiac All America City" seal. He leaves the jobs and the responsibilities up to the staff and only gives advice when he feels it is needed.

The Backbone of Success

Below: Even though we didn't win any awards for our fantastically decorated car, we all had fun working very hard to get it ready

Left: The Seniors on this years Avalanche staff are shown here with their advisor, Mr. Ferguson. They are Vicky Sabins, Sheila Brent, Cherry Cannady, and Donna Weaver. The whole staff is going to hate to see them leave.

Bottom Left: A lot of headaches goes along with the title of Editor, as Donna Weaver has seen. There are also a lot of little jobs to be done that aren't really designated to anyone but they all seem to get pushed over on to the Editor. But Donna did an excellent job the way she sanded down the rough spots and by making sure the book got out.

Bottom Right: Here is an overall view of an average day in the Avalanche room. As you can see each and every girl on the staff has her own job to get done in order to get the yearbook in by the deadline.

JUNIORS

WE ARE LEADERS

The Juniors here at Northern have come a long way from the "Silly Sophomore" stereotype image which was projected on to them last year. They have shown leadership qualities in many areas.

With next years coming of Senioritous I am more than sure they will handle the situation with seriousness and togetherness. The Juniors can be relied upon as the leaders of tomorrow.

They have already shown us their dependability by the work they have done as a class. They have accomplished much and are in the process of forming many plans for that big year ahead. The Senior year.

The dream of the Junior is to become a full fledged Senior. And this dream will be a fact only too soon for some. But to many Juniors, faculty, and parents the senior situation has always been looked forward to for it is one of fun, work, and pride.

The Class of "77" can look back on the previous years with much pride and feel, "We Are Leaders."

Juniors Reaching Their Goals

The Junior Advisory Board Officers strive to make things a little easier for all juniors. They are responsible for making important decisions on behalf of the junior class. This year has been a busy one for this group, for they have been planning for the juniors senior trip next year. They have also done many other things such as having a junior couple represent the class on the Homecoming Court, they also entered a float in the float competition during Homecoming, they had a candy sale and they held a raffle drawing which really turned out to be a great success. The class of "77" has profited from the excellent job that this group has done this past year.

The Junior Advisory Board Officers are: Row 1: Jimmy Martinez - Vice President, Beth Martin - Treasurer, Floyd Sinkler - President. Row 2: Jeff Wheatley - Historian, Lacine Chism - Secretary.

You Can Depend On Us

Making decisions for the Junior class is a very difficult job and takes many hours of hard work by dedicated leaders to come up with the right ones. The purpose of this group is to help the officers and voice the ideas and opinions of all the juniors. To help things go a little smoother and easier the juniors have Mr. Davis and Miss Battle to rely on for good advise and assurance. The junior class is proud to be represented by: Row 1: Jimmy Martinez, Beth Martin, Floyd Sinkler, Bart Hartsoe, Jeff Wheatley. Row 2: Kim Parmo, Mr. Davis, Debbie Mace, Patti Wallace, Lacine Chism.

A Dream

Come True

Northern's annual Homecoming has always been a spectacular event, and this year was no exception. The whole day was filled with excitement which never ended from beginning to the end. The festivities started with the crowning of the King and Queen and their court. Next came the traditional parade and football game, which nobody will ever forget how cold and bad the weather was. After the game was the long awaited dance where everybody looked radiant and stunning. The "Cloudburst" band filled the night with a variety of music including our theme "Drifting On a Memory." The whole day was a great success and was filled with exciting moments and memories for everyone.

The representatives for the junior class are Kari Reaver and Jeff Wheatley.

Dreams Are Made of This

Making the Catalina synchronized swim team was a great achievement for these girls. They spent many hours after school practicing and perfecting their routines. They used the theme "Holidays" for their show which was held in April. During the show the girls performed many patterns and sequences in the water and used many props to make the show a spectacular event which the girls were all very proud of.

Representing the Juniors on the team are: Beth Martin, Sue Hukka, and Pam Smith.

This year's Junior class put forth their best effort and proved that hard work really does pay off. They used the theme "Drifting on a Memory" 1974 PNH 20 Farmington 0. They did a terrific job building it, and they placed second in the float competition. Many of the juniors worked really hard and spent many hours after school working on the float which really turned out to be a great success.

To become a gymnast it takes alot of skill, patience, co-ordination and alot of long and tiring hours of practice. It really isn't as easy as it sounds as Teresa can tell you. Although she is the only junior, she has a big part on the team, she does stunts ranging from summersaults on the floor to flips and cartwheels on the balance beam. Although it takes alot of long and exhausting hours of practice to become a top gymnast, it is a very rewarding experience and is full of memories for all of the girls on the team.

The juniors are proud to be represented by the talented Teresa Dutcher.

WE WORKED HARD, WE TRIED

The dreams of many people years ago concerning the outlines of our country are now realities due to Nature and Man. Distant dreams were those of Ford and his automobile, and James A. Naismith's invention of basketball.

Sports date back many years. But regardless to how old the sport, reaction and involvement seem to be overwhelming.

This year at Northern our athletic program ranged from the All-American sport of Football to the world of girls Gymnastics. This year (due to interest) the Huskies even reorganized girls basketball!

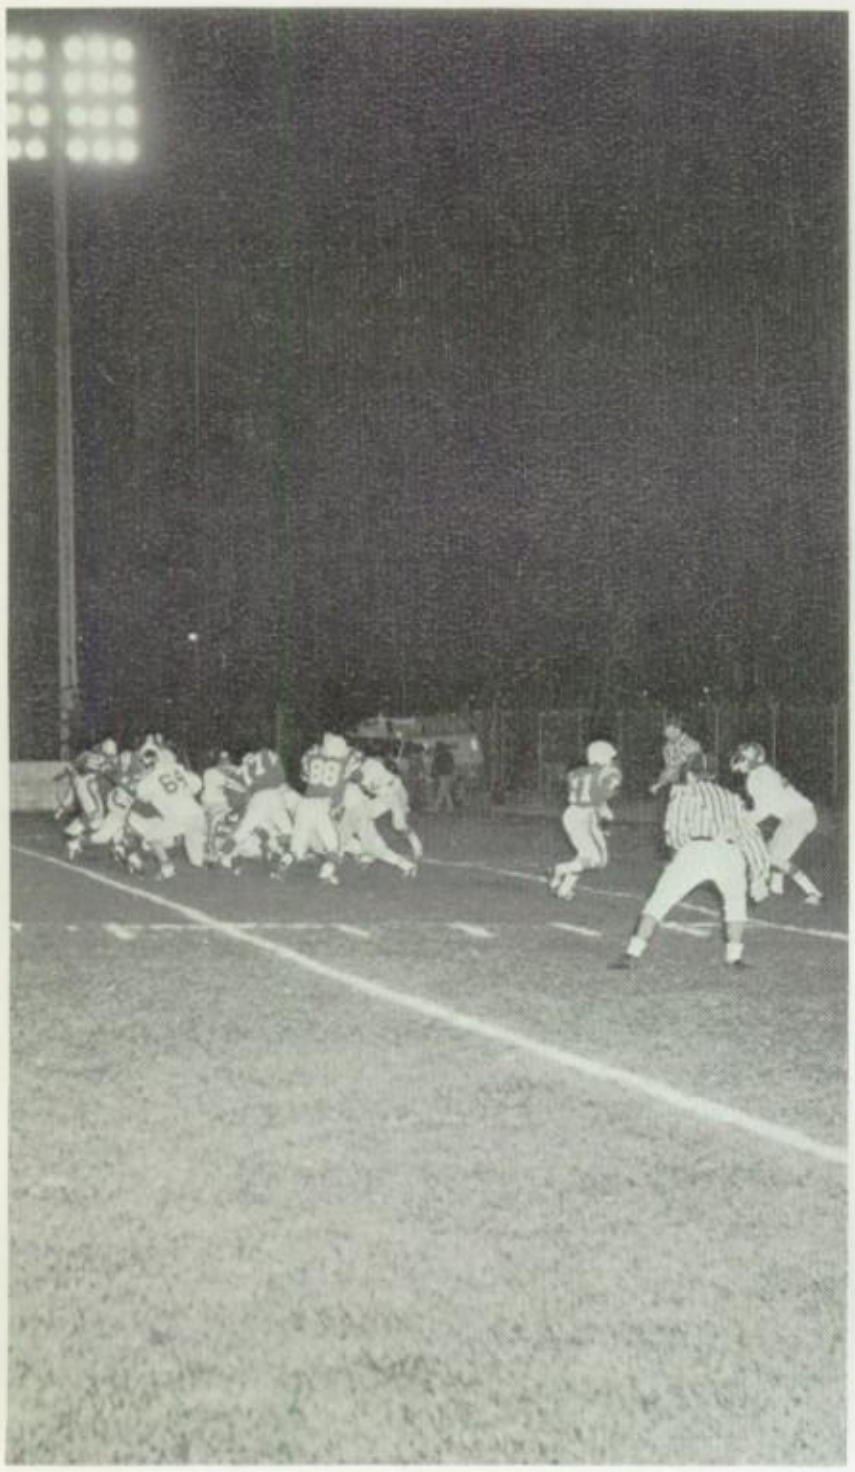
Sports like organizations help to build student togetherness. But unlike organizations those involved are not only participants. We didn't do as well this year as in previous years but we managed to keep our dedicated fans with the aid of "Fan Buses", which were new for Northern.

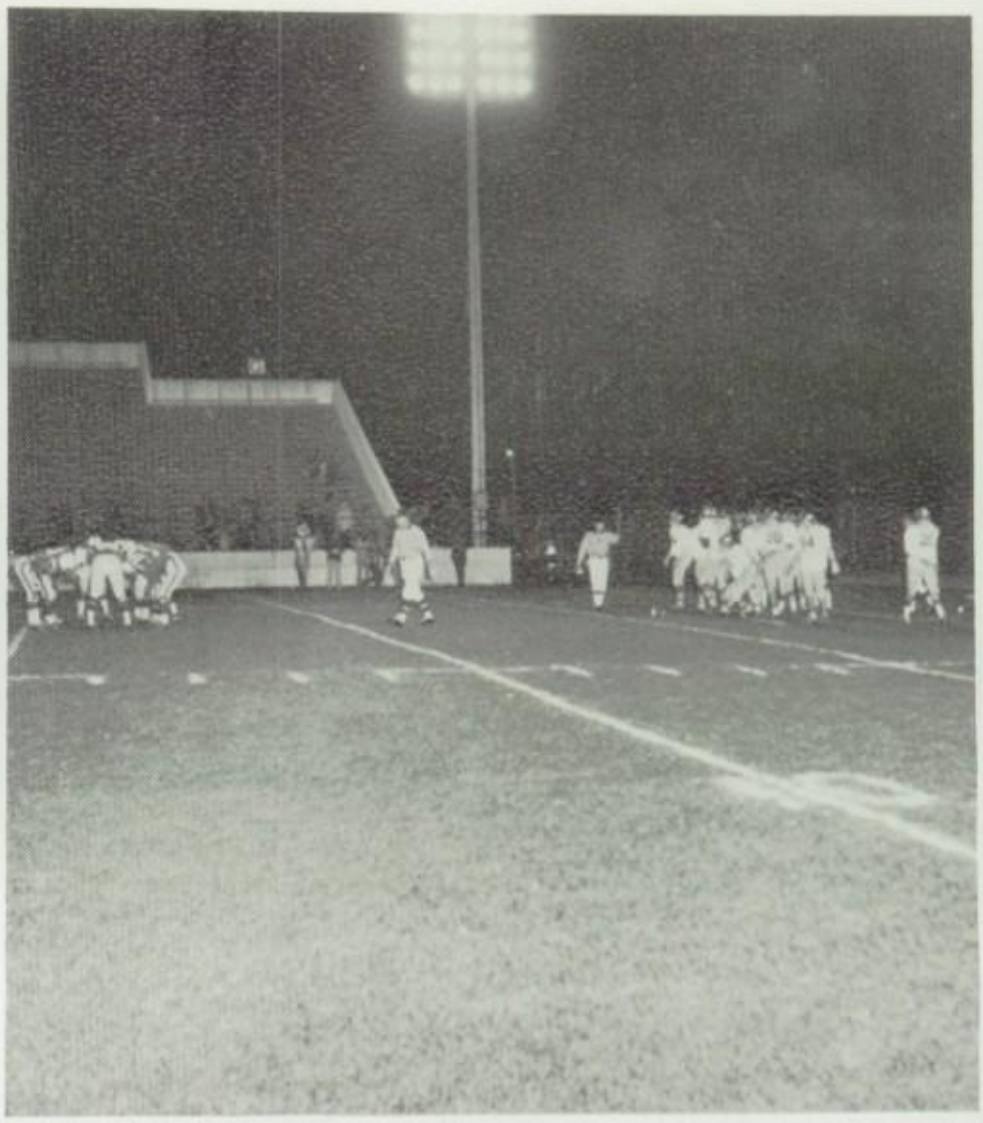
Sports build attitude and character, without it ... much is lost. Through the entire year I feel the most exciting game was that of our cross-town rivals. Northern won the game at home with an 81-68 win over Central. (That game pictured here)

In any sport where competition exists you will fine "The Thrill of Victory, and The Agony of Defeat", on the faces of the players. Whether it be on the field, court or track, their emotions will show no matter how good or bad they have played. "We Worked Hard, We Tried!"

SPORTS

We'll Get 'em

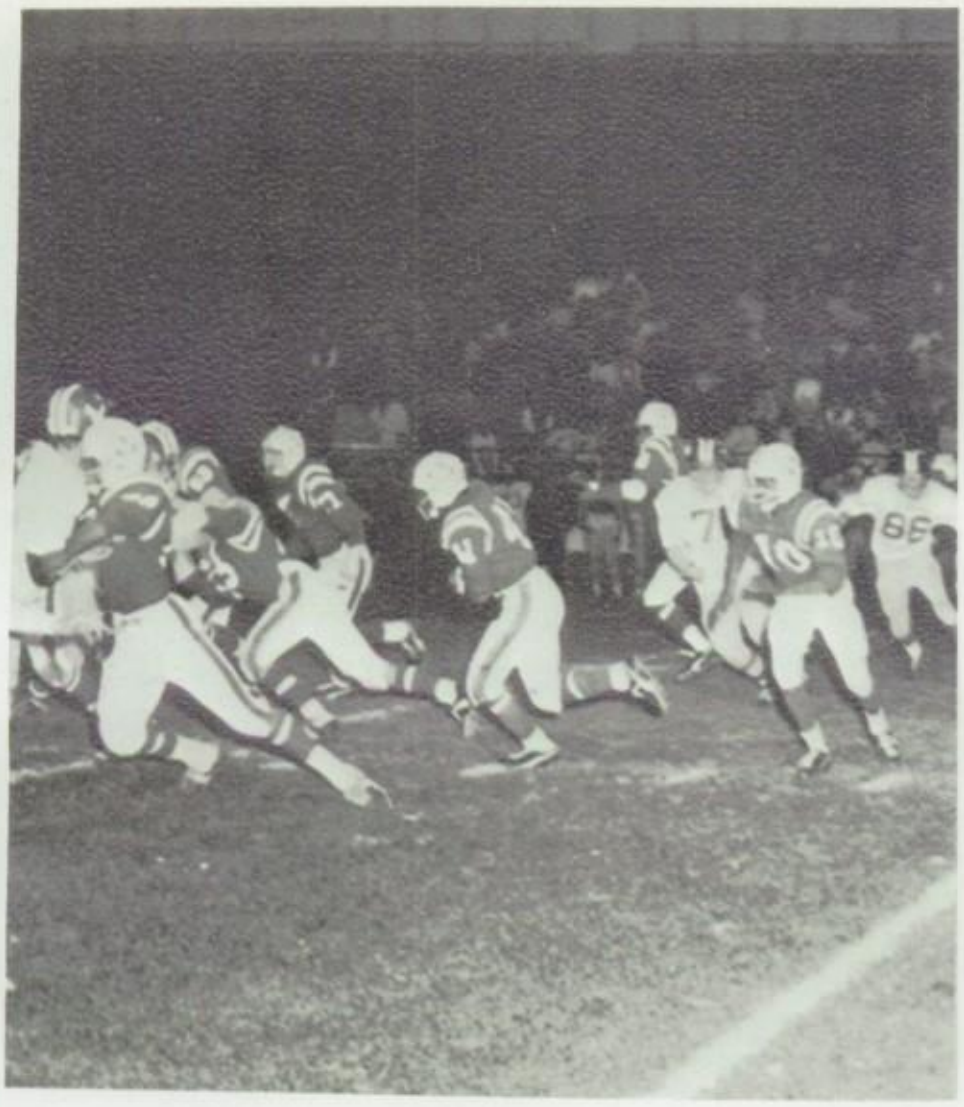




It was a very disappointing season for the varsity football team. With only 3 wins against 6 losses there weren't many high points.

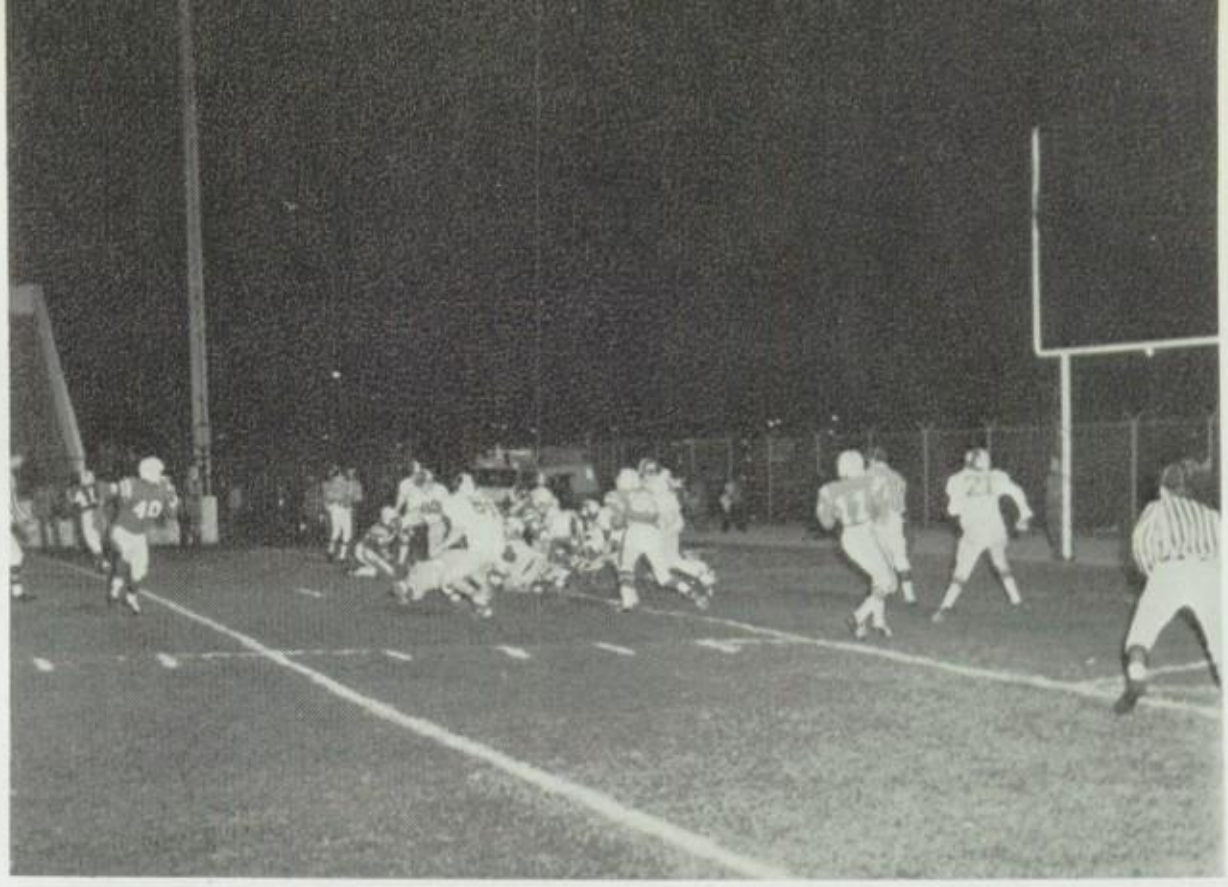
Special awards were given to Dennis Smith, Outstanding Offensive Back, Tom Firman, Outstanding Offensive Lineman, Jeff Armster, Outstanding Defensive Back, Ken Haynes, Outstanding Defensive Lineman, All Conference and All Star selections ... offensive, Tom Firman, defensive, Ken Daniels. Northern is proud to have such fine football players.

Next Year



Far Left: Many times during the season quarterback Robert Williams scrambled all around looking for an open receiver. Often he did not find any.
Left: It may look like a gossip ring but it is only the Huskies huddling to make plans for the next big play.
Close Left: Butch Bard, number 41, is off and running for another sizeable gain.
Middle: Mark Love looks for an opening to dart through as his blockers clear the way.
Below: Being on top of the play is hard to do but the referees do a good job.
Bottom: "When is it going to be my turn to play," runs through every players mind as he stands along the sidelines.

Right: The big surge at the goal line is a tense moment for everyone.
Middle: Robert Williams pushes for a few more yards as two opposing players try to bring him down.
Bottom: The members of the varsity football team are, row 1: Asst. coach Jon Brown, Mike Moses, Robert Calhoun, Bryant Long, Brian Albritton, Rick Holland, Erroll Duvall, Greg Vann, Terry Dalrymple, Jeff Koop, Roy Guthery, Darryl Cosby, Tom Chapple, and Butch Bard. Row 2: Robert Williams, Robert Webb, Tom Rayner, Dennis Smith, Gary Law, Anthony Scott, Randy Ludwig, Gerald Sanders, Reggie Lewis, Gary Hudson, Tom McLeod, Carey Cooper, Darrell Herring, and coach Dave Schmidt. Row 3: Asst. coach Tony Pizza, David Chism, Earcy Christmon, Ken Holt, Tom Firman, Jeff Armster, Ken Haynes, Mike Pryor, Louis Smith, Mark Love, Richard Crosby, Ken Daniels, Dan Domeier, Mike Valko, Tom Terrell, Donald Gilbert, and asst. coach Jim Yarborough.



This Year J.V. Next Year Varsity

To be able to play on the varsity football team a player must first prove his worth on the junior varsity team. This year it was a difficult task as the j.v. team fell to a record of 2 wins, 5 losses and 1 tie.

Left: Practice makes perfect. Scrimmaging against each other is good practice for everyone.

Below: The members of the Junior Varsity football team are from left to right: Albert Shaw, Billy Lightfoot, Johnny Watson, Mike Chick, Mark Cosby, Ken Mojet, Matt Valko, Carlos Thompson, Ken Lightfoot, Mike McDonald, Leon Flack. 2nd row: Leon Noble, Ed Myre, Arthur Crump, Peter Black, Ernest Allen, DeWayne Green, Darrin Garrison, Greg Dinkins, Rene Pena, Ronnie Doris. 3rd row: Coach Jim King, Lewis Fleck, Roger Barclay, Curtis Johnson, Terry Taylor, Keith Holt, Lorenzo Lacewell, Todd Carr, Everett Dorris, Rick Reaver, and coach Sy Green.

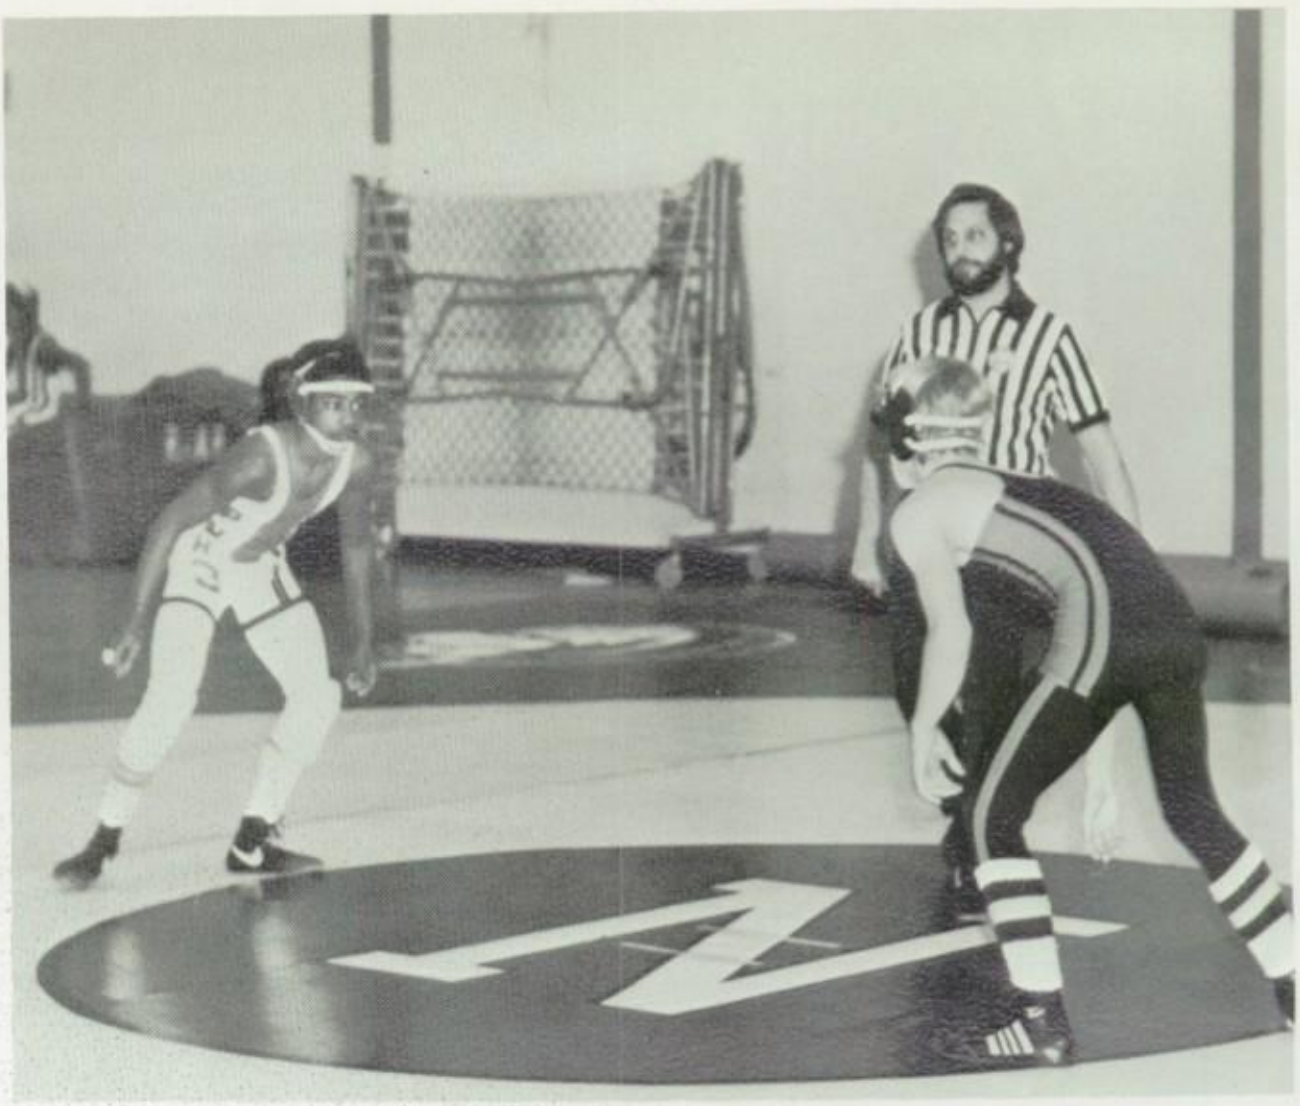
Defeat: A Thing Of The Past

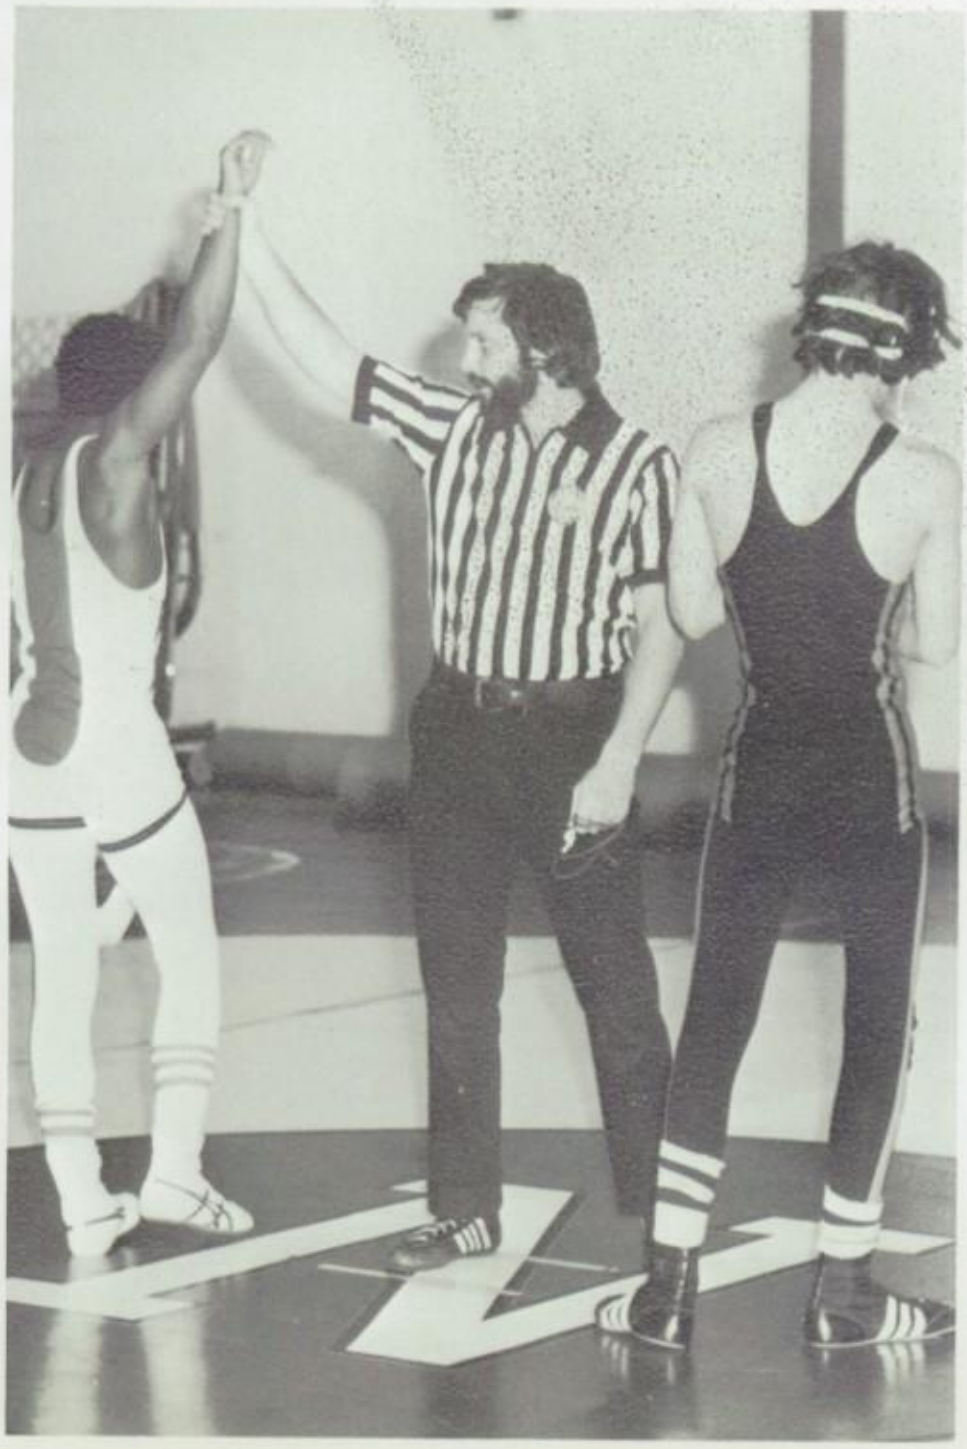
This year the wrestling team compiled an outstanding record of 11 wins and only 1 loss. The team also took firsts at the Stevenson Invitational and the Canadian Invitational. They just missed a first at the Pontiac Catholic Invitational by 8 points.

The wrestling team came in first in their league giving Northern another inter-lakes title. In districts they took second out of twenty schools. Out of 31 schools Northern placed 5th in regional. Five Northern wrestlers went to state, David Jackson, Bryant Long, Leon Scott, Ed Adams, and Johnny Johnson.

Right: David Jackson eyes his Pontiac Central opponent carefully waiting for his chance to move in.

Below: The members of the varsity wrestling team are, row 1: Danny Logan, David Jackson, Henry Gordon, Butch Scott. Row 2: Coach Brown, Bryant Long, Ed Adams, Larry Martin, Johnny Johnson, Don Gilbert, Tom Rayner, Tom Terrell.





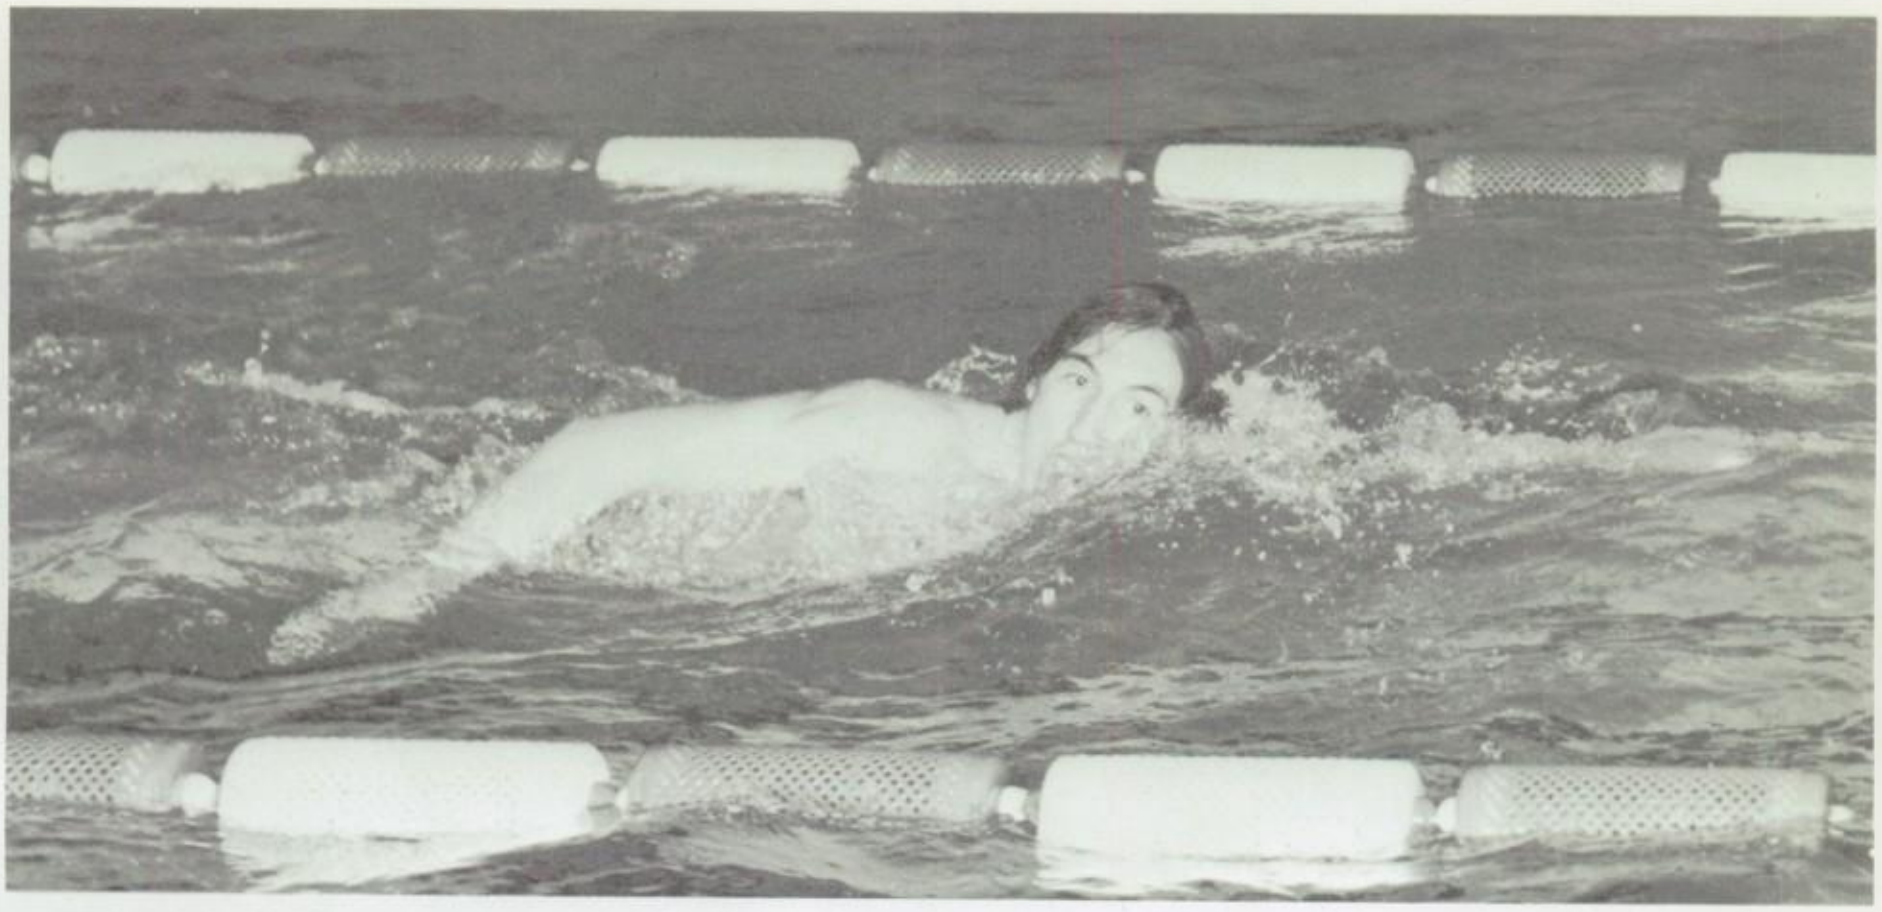
Top: The members of the junior varsity team are, row 1: Dan Wertz, Dan Wilson, Kevin Owens, Joe Briggs, Curtis Johnson, Gary Burkett. Row 2: Luther Johnson, Henry Jackson, Mike Baxter, Tim Simpson, John Rayner, Rochell Thomas, Gary Hudson, Ed Ferrell, and Coach Brown.

Left: It's another Huskie victory as the referree holds up the weary victors arm.
Above: Johnny Johnson has a firm hold on his Central opponent. He grits his teeth and braces his feet in an attempt to gain points.

If We Could Only Do It Again

The swim team sank to another poor season this year. With only 1 win against 11 losses the year was not a total success. With only seven returning from last year the majority of the team was new members. As the year progressed the times improved quite a lot. With experience behind them there is hope for next year.

Right: Northern's number one diver was Ken Lauinger. He placed first in diving in every meet except against Pontiac Central.
Below: The members of the swim team are, row 1: Mike Perrier, Kelley Keesling, John Doherty, Lyle Bigger, Steve Yates, and Tony Hall. Row 2: Glen Daniels, Tracy Fernald, Gordon Barnhart, Andy Letlow, Dale Bigger, and Jerry Smith. Row 3: Ken Lauinger, Kip Eberle, Doug Eberle, Rick Luxon, and Coach Steve Goddard.



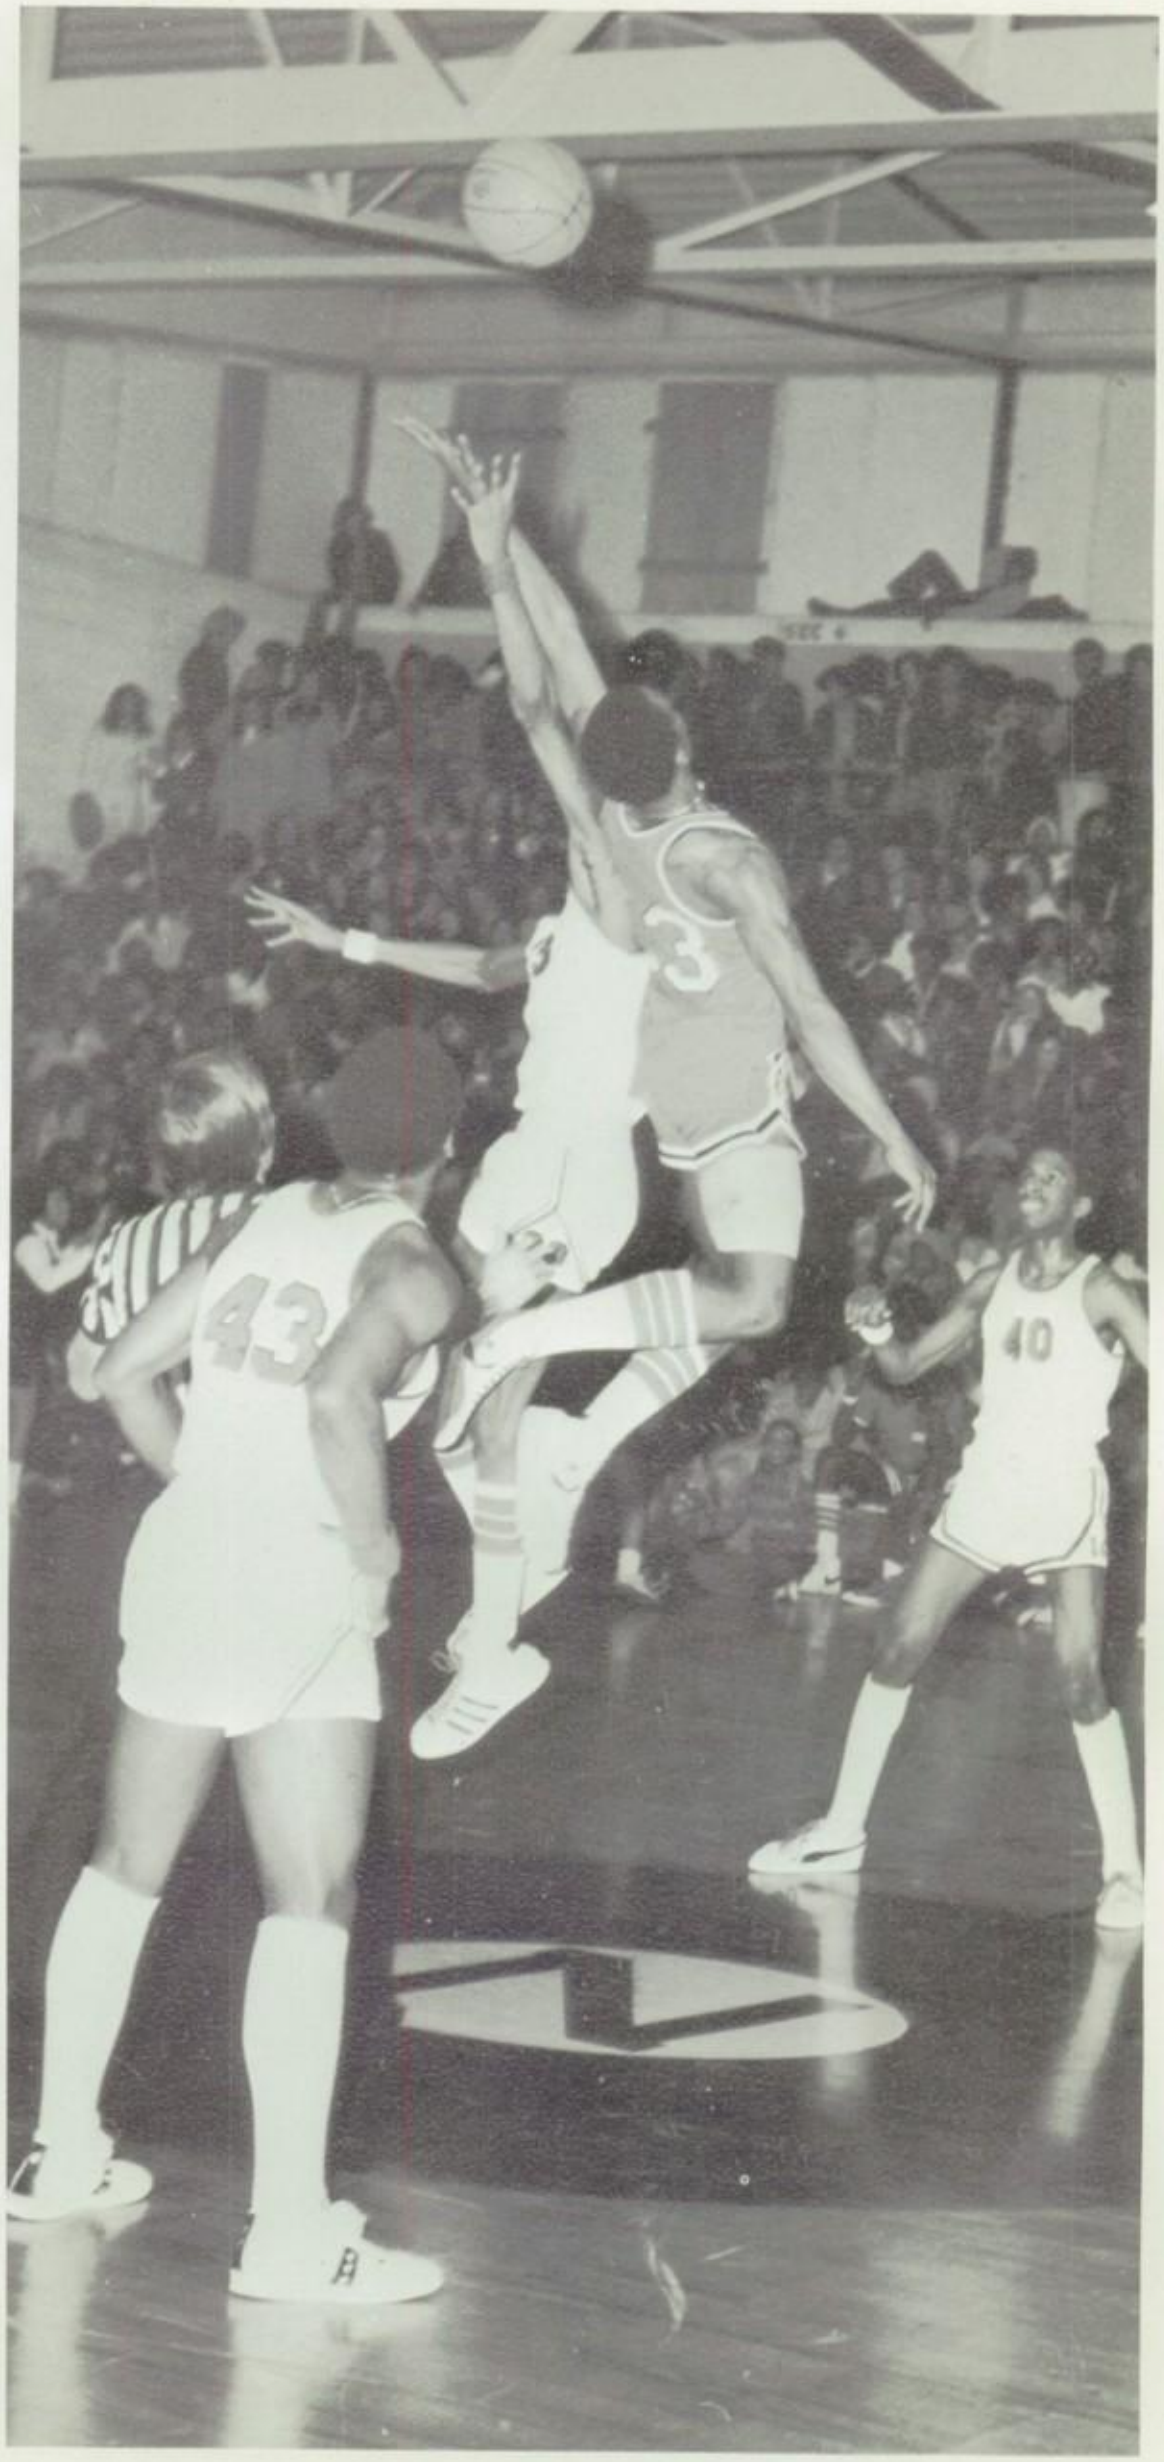
Top: Mike Perrier is stroking along hoping to place 1st, 2nd, or 3rd. The way the Huskie season went it was usually 3rd.
Left: The new coach, Steve Goddard had a lot to contend with this year. Trying to rebuild the team from the beginning proved to be a streneous job. With a lot of yelling and encouragement he got the job done.
Above: Tracy Fernald takes a deep breath as he pulls hard and quick trying for a fast time.

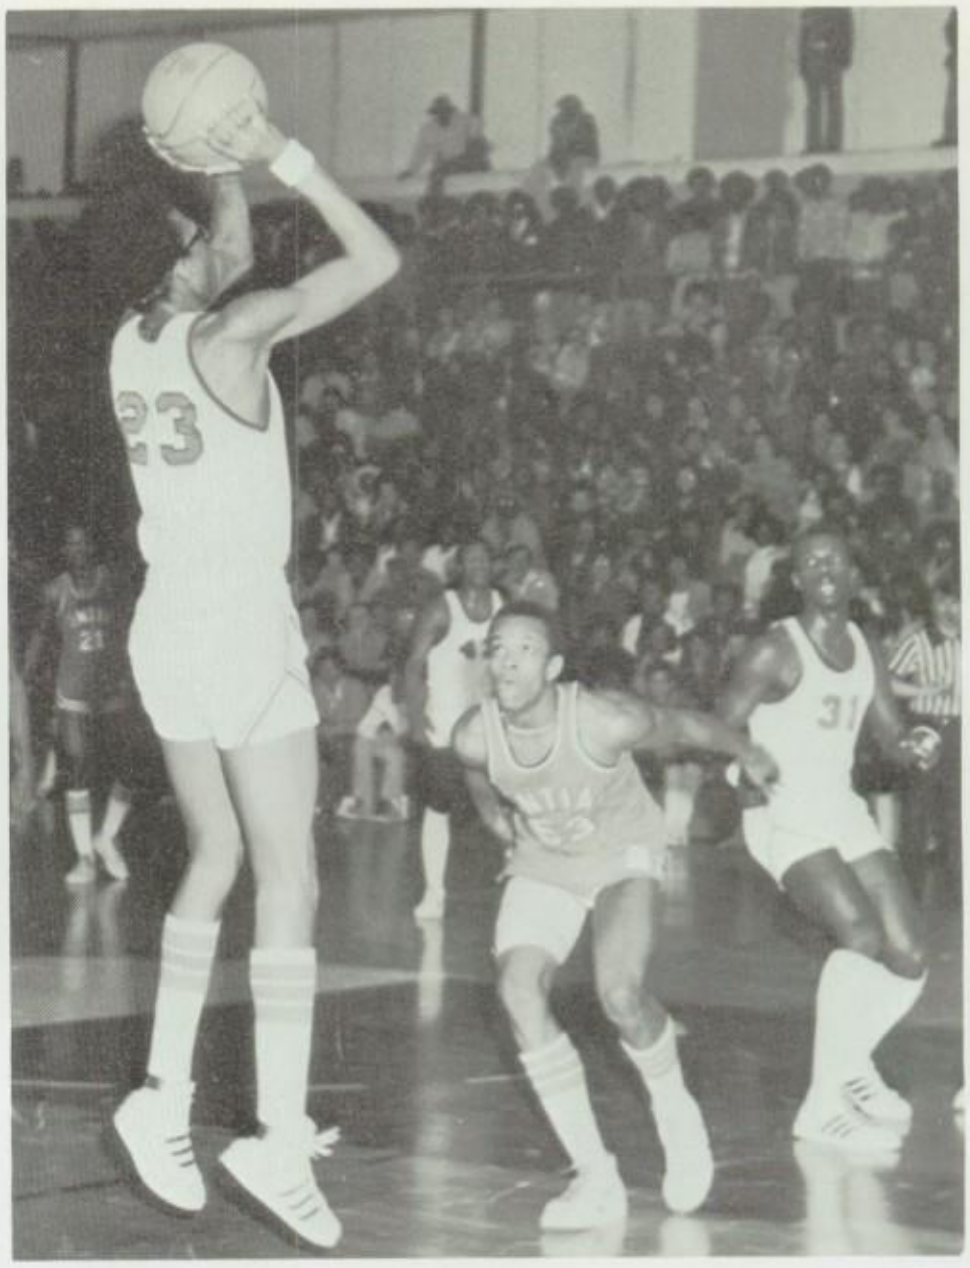
Almost A Reality

With hopes of going all the way this year the basketball team compiled a record of 18 wins and 2 losses. The Huskies only two defeats were at the hands of cross town rival Pontiac Central and Bloomfield Hills Lahser.

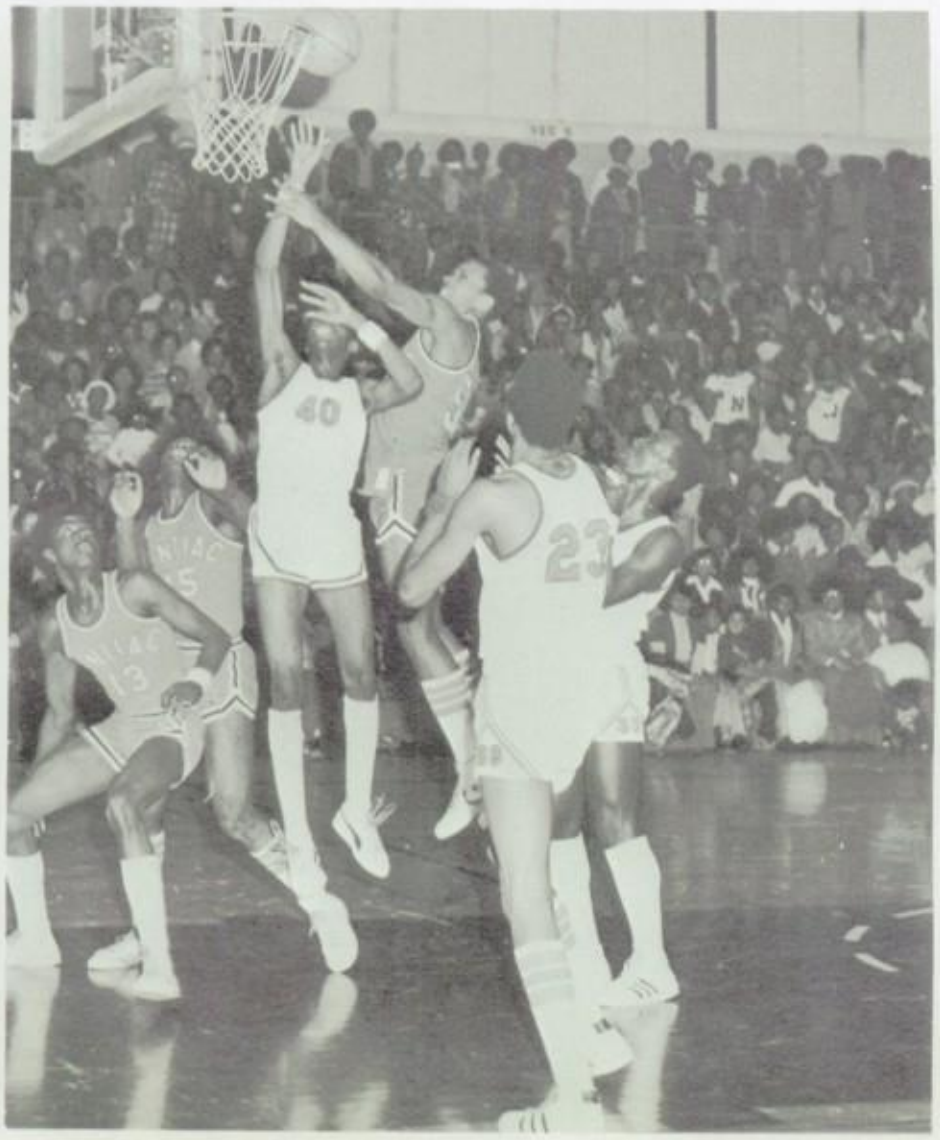
The team had some outstanding players this year. With John Lewis leading the way in scoring and Kurt James bring down the rebounds the Huskies were almost unbeatable. Their dream was shattered when they lost the district finals to Pontiac Central.

Right: Ed Stroman fires over his Central opponent for another two points.
Below: John Lewis goes in all alone for an easy layup.
Middle: Chip Payne dribbles out of heavy traffic looking for an open man.
Far right: Jumping high in the air trying to gain control of the tip is Kurt James.





Above: The players stand anxiously around the circle waiting for the tip to come their way.
Above right: Kurt James goes up for a two handed jump shot and possibly two points.
Right: A good warm up before the game can help the Huskies shooting and their concentration.
Bottom middle: John Lewis, Northern's scoring leader muscles his way into the basket for an easy two.
Above far right: The members of the varsity basketball team are, kneeling: Ed Stroman, Dennis Cosby, Ricky Armster, Kenny Haynes, and Chip Payne. Standing: Mgr. Jim Rockcole, Larry Moore, Louis Smith, Curt Hall, John Lewis, Mike Whitelaw, Kurt James, Greg Taylor, and Coach Hall.



Above: John Lewis gets another field goal with this jump shot. John did this many times during the season.

Thinking

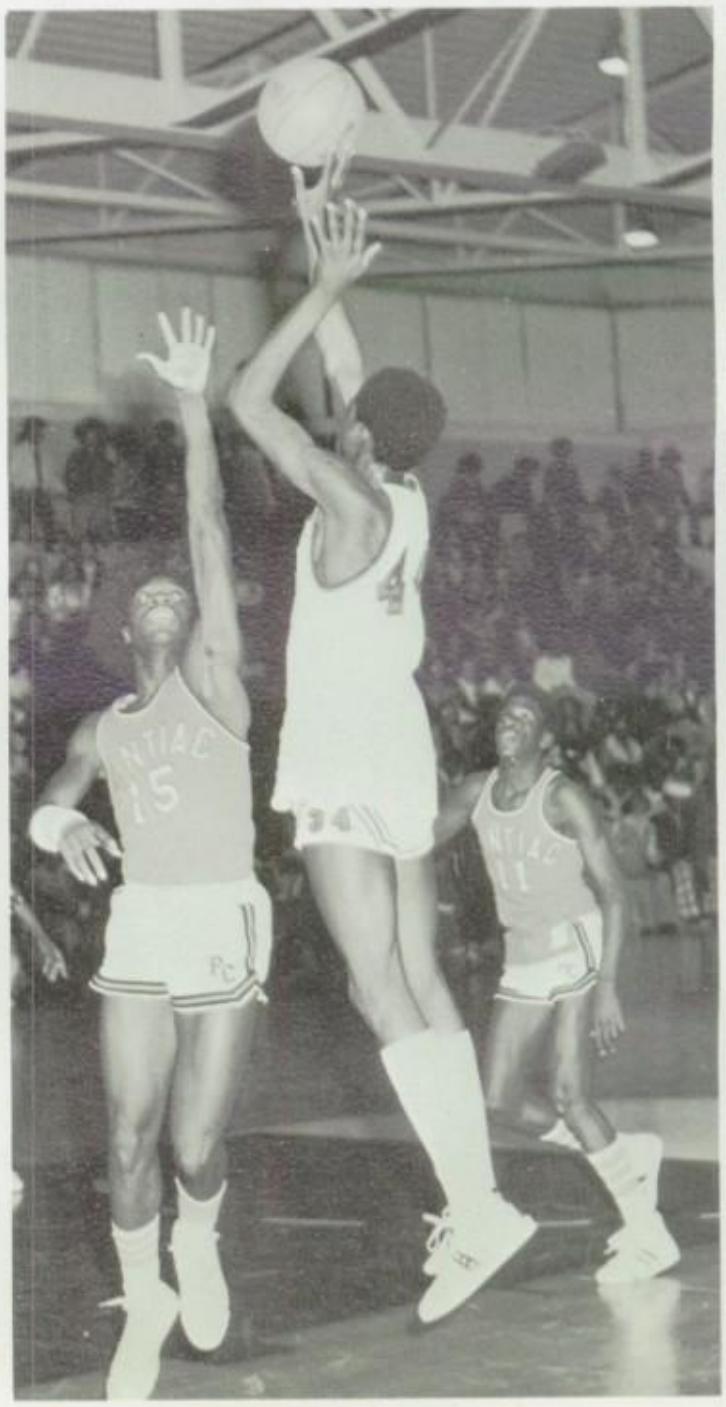
Ahead

Not to be out done the junior varsity basketball team had the same outstanding record as the varsity team. 18 wins and 2 losses was quite a feat.

The J.V. teams at Northern have won 42 consecutive league games over the past four and a half years. They have also been league champions for the past 14 years.

Right: James Brown goes by two Central defenders for a quick two points.
Bottom right: Andrew Ewing jumps high above the outstretched arms of his opponent for a long shot.

The junior varsity basketball players are, bottom row: Terrence Fed, Tony Thompson, Darryl Cosby, Charles Williamson, Jimmy McDonald, Reggie Lewis. Top row: Terry Taylor, J.W. Smith, James Anderson, and Coach Nellenbach.



It Could Have Been Magic

The freshmen basketball team had some talented players. With fine shooting and good teamwork the 9th graders compiled a record of 13 wins and only 1 loss. According to Mr. King the team was well disciplined and had great attitudes which contributed to their success.

Above left: Sandy Mays has the edge on the rest of the players as he tries to gain control of the loose ball.
Above right: Doing layups is an essential part of any basketball game. Maurice Miller practices a few layups before the game.

Above left: The members of the ninth grade basketball team are, row 1: Coach King, Jesse McLowry, Tony Fed, Greg Dinkins, Anthony James, Maurice Miller, John James, Mgr. Robert Mitchell. Top: Roy Webb, Peter Black, Alvin Strickland, Tim Terry, Sandy Mays, Cameron Bradley, Eric Mullin, Timothy Jackson.

We Dreamed of Snow

Winning 4 and losing 5 wasn't too bad for the Huskie skiers. The skiers improved themselves as the season went on. Steve Porritt was voted most improved. They placed 9th out of 15 in regionals.

Right: Steve Porritt tucks down low trying to gain as much speed as he can without falling.
Bottom left: Captain Steve Burch glides easily down the hill always in control of his skis.
Bottom right: Pressing hard and staying close to the gates can mean precious seconds in a close race. Mike Justin demonstrates his skill.

Top left: Brett Hartsoe demonstrates the correct way to go in and out of the gates without losing any time.Top right: Mr. Balzarini, the old pro shows off his style hoping the young skiers will take note.
Left: Steve Burch takes time out from the race to practice doing different tricks. Some of these are very stylish.
Above: Skiing is an important part of the life of each member of the team. Pete Burch shows his enthusiasm by speeding through the course.

Mother

Nature

Please

Inexperience was a major factor in this year's cross country team. The team mainly consisted of freshmen and sophomores. Despite this they did win 2 against 4 losses. A big standout for the Huskies was senior Dave Hembree, who was voted All Conference. Dave also broke a school record with a 15.57 for the 3 mile course. According to Coach Nelson things will be better next year.

Top right: Rain or shine does not stop the cross country runners. Louis Page, Jackie Kimble and Mark Ballard run a little faster as the rain begins to come.
Top right: Warm up can be more tiring than the actual race. But for the meet to be a success the runners have to be warmed up.
Bottom far right: Dave Hembree and Floyd Sinkler, Northern's two top runners are far out in front of the pack.
Bottom: Coach Nelson gives some pointers to Dave Hembree in hopes that Dave will better his time.

The members of the cross country team are few but talented. The members ar front row: Dave Hembree, Art Salas, Chris Warren, and Bob Hudson. Back row

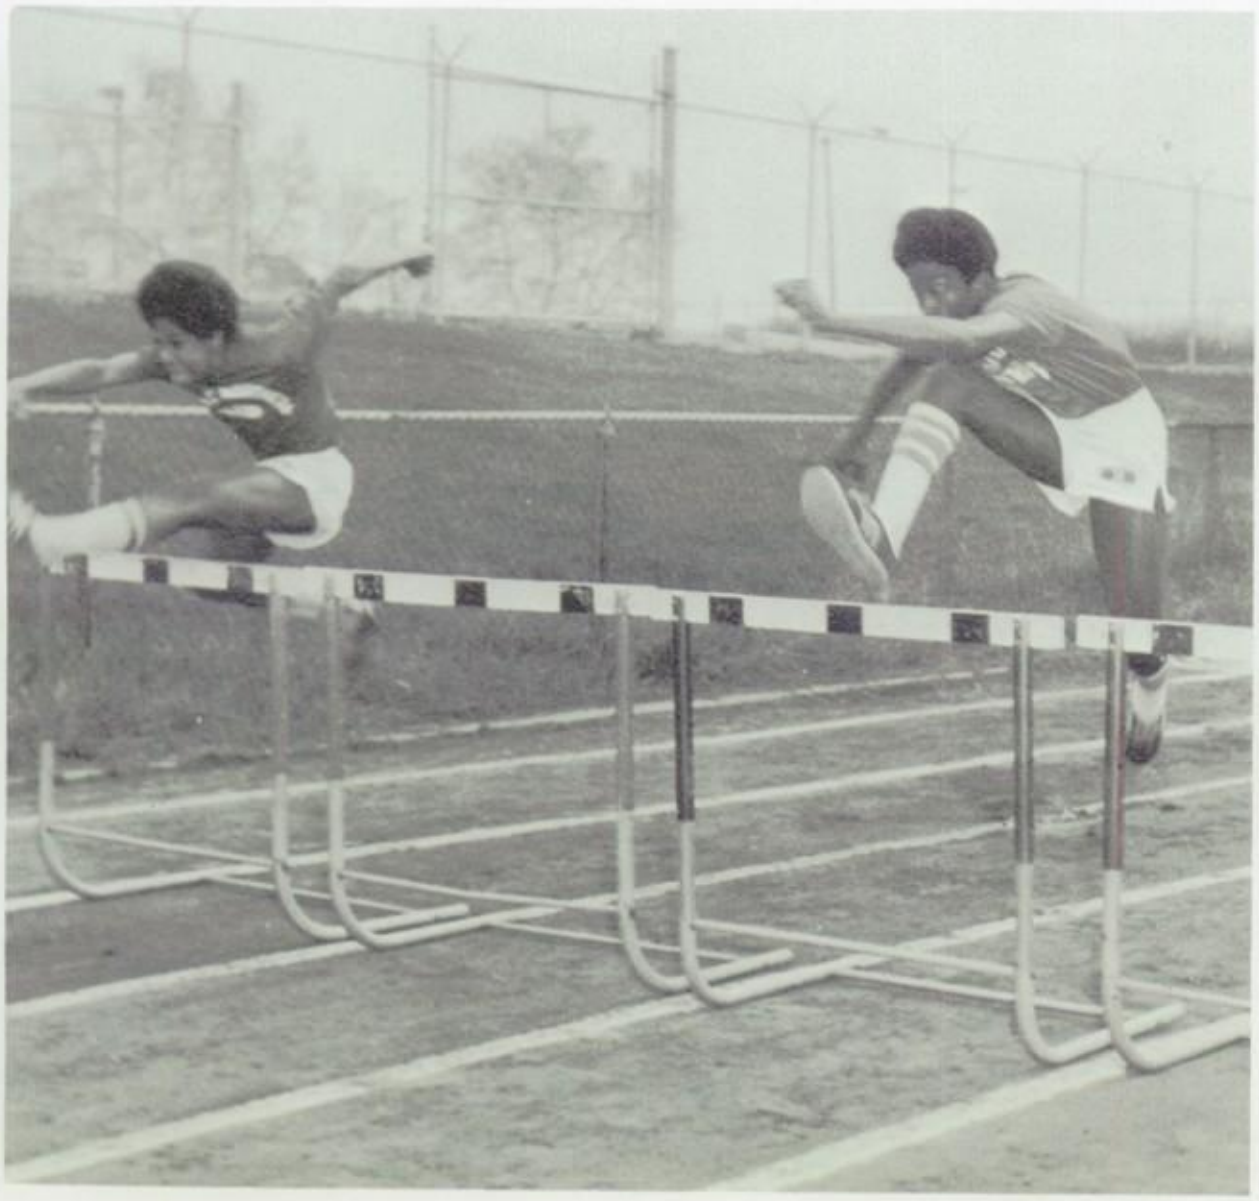
Don't Rain On Us

Coach Nelson, Floyd Sinkler, Mark Ballard, Louis Page, and Jackie Kimble.

Can This Be Real Or

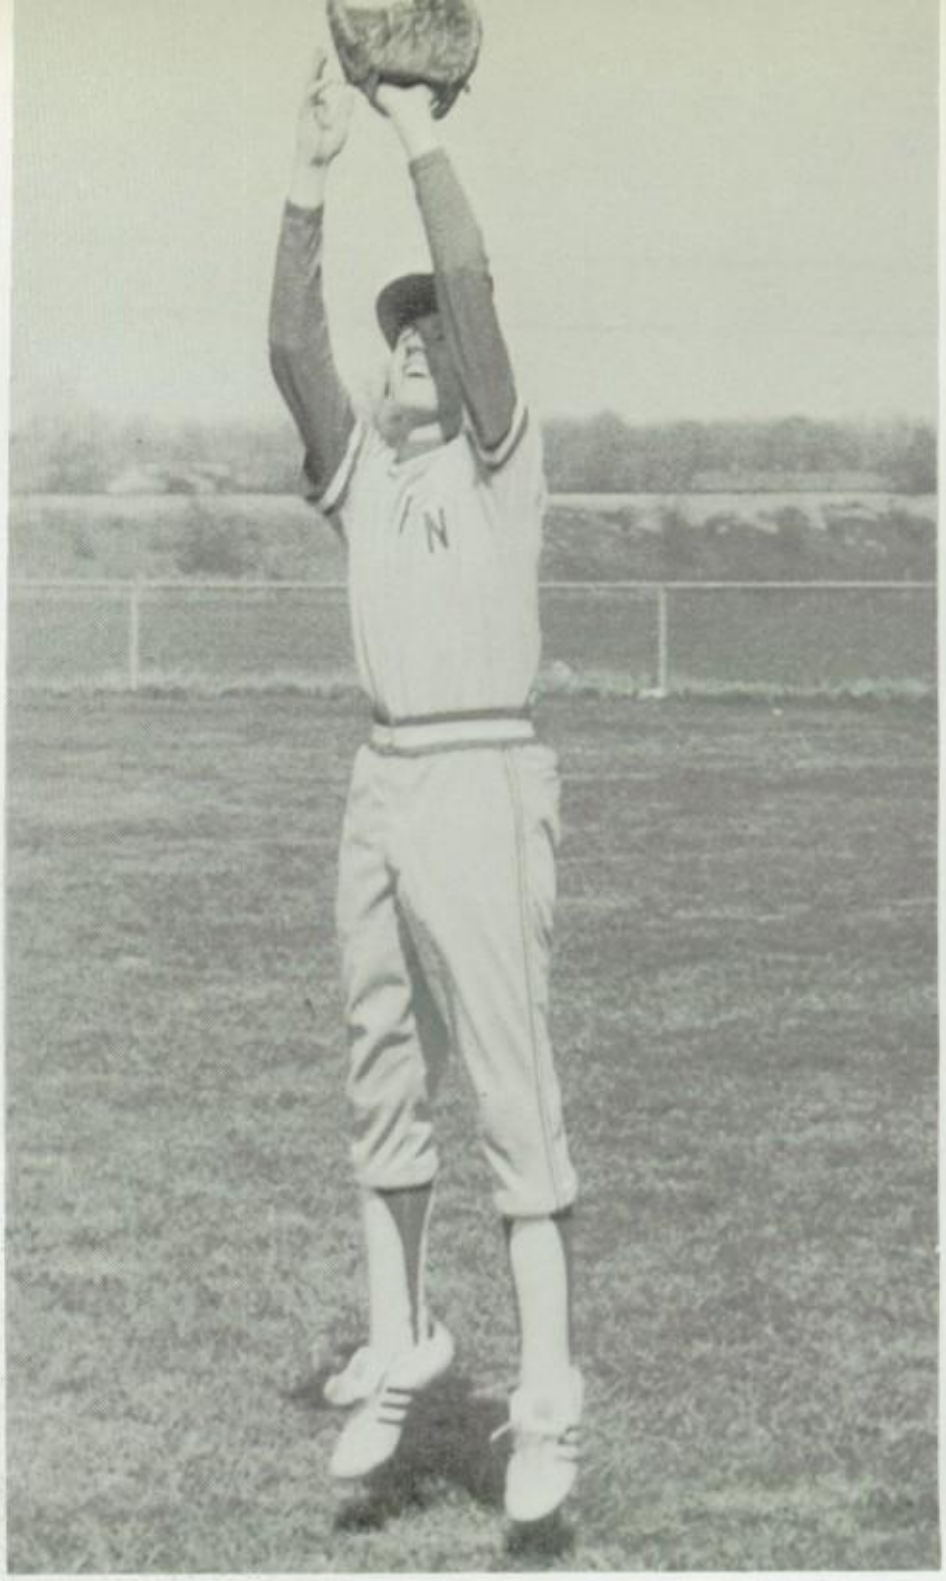
In order to have a Track team as great as the one at Northern, the team must have good sprinters, distance runners, hurdlers, and people who are good in the other various field events. The Huskies have them all. The members of the track team spend a lot of time getting in shape. Some start by joining the cross country team in the fall and working all year long.

Right: Willie Washington goes up and over, clearing the bar with inches to spare. Willie is an outstanding member of the team.
Below: Jackie Kimble and Louis Page push their way to the finish line with times that Coach Nelson will approve of.

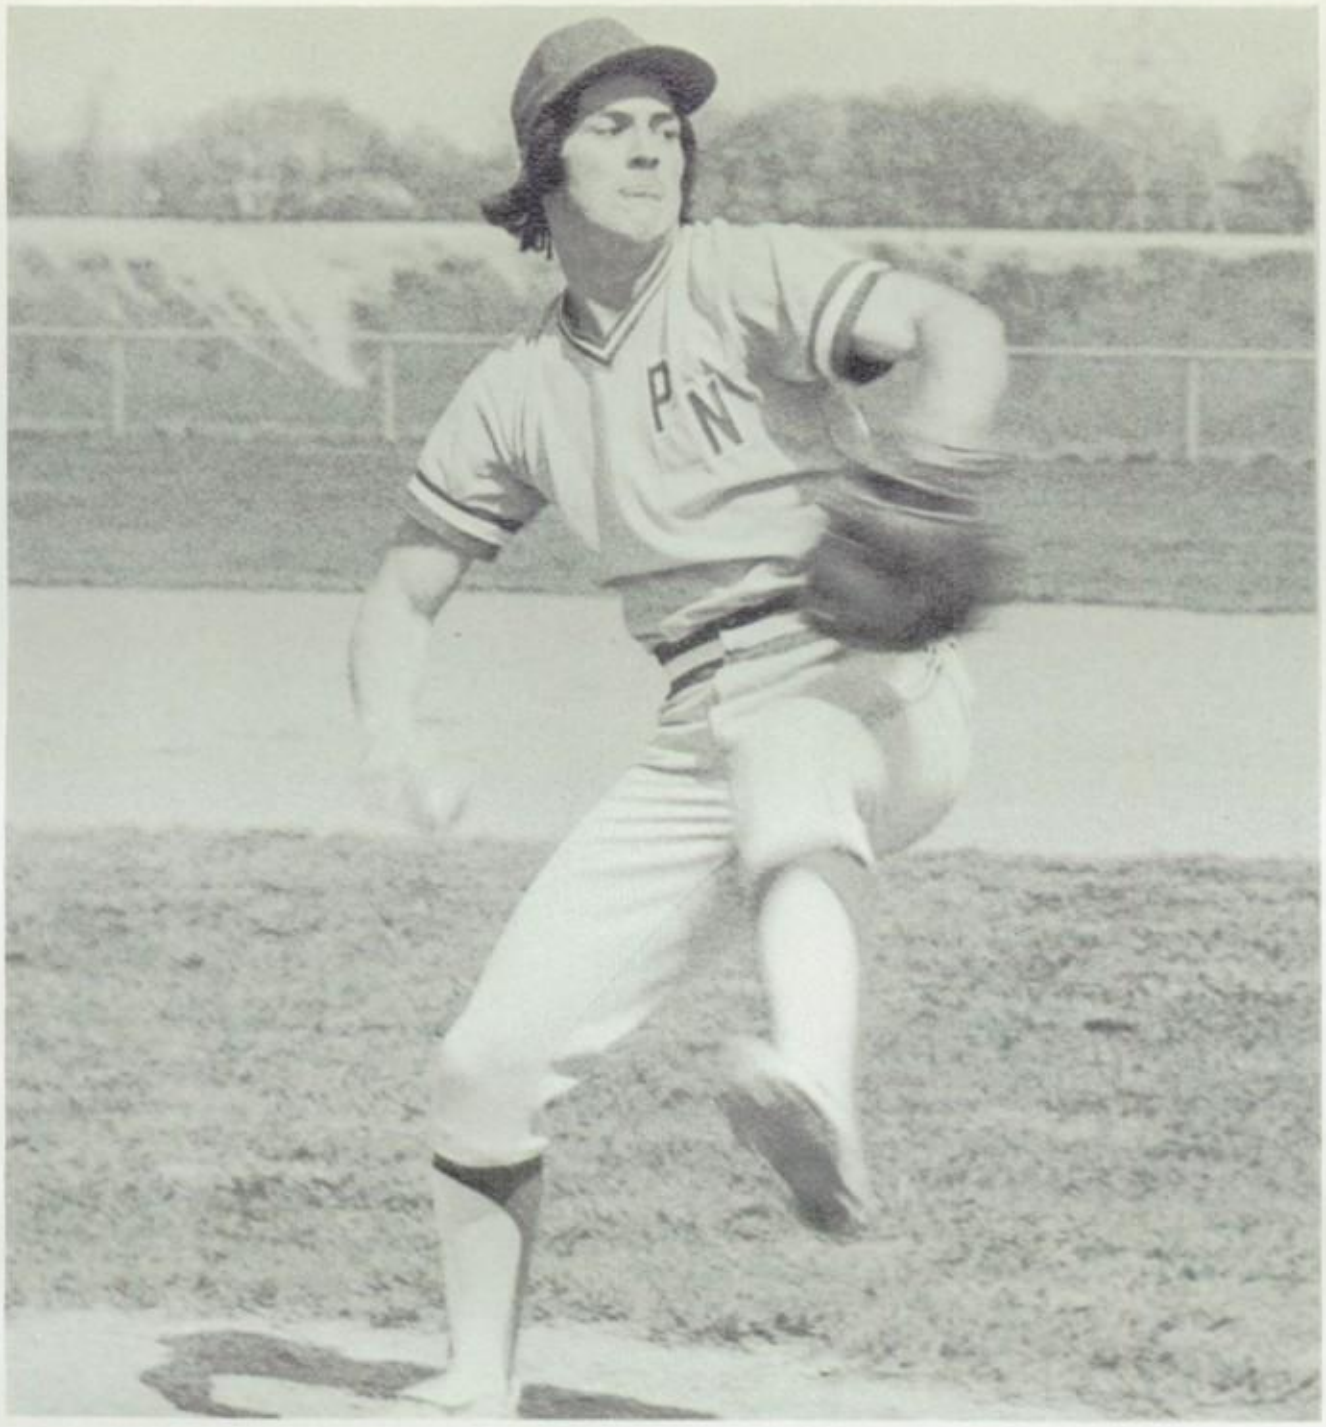


Just A Dream

Above left: Pole vaulting can be very hard at times, especially if the wind is blowing against the vaulter. Bob Hudson shows how it is done.
Above left: Heave ho and away it goes. Ken Daniels puts all his power behind this throw hoping that the shot put will go farther than anyone elses.
Left: Great timing, coordination, and speed make up the hurdling event. These two track members Michael Berry and Derrick Washington show the Huskie style.



Above right: Playing the outfield is no easy task. Catching a high fly ball can be quite difficult at times. But right fielder Mike Perrier makes it look easy.
Above: Being able to hit the ball is a major part of the game. Rick Holland does this well by having quick hands and good hands.
Right: Fielding the ball and making a good throw go to make a fast double play. It takes a lot of practice and good execution to play the infield. Rick Holland knows how and has turned many double plays.



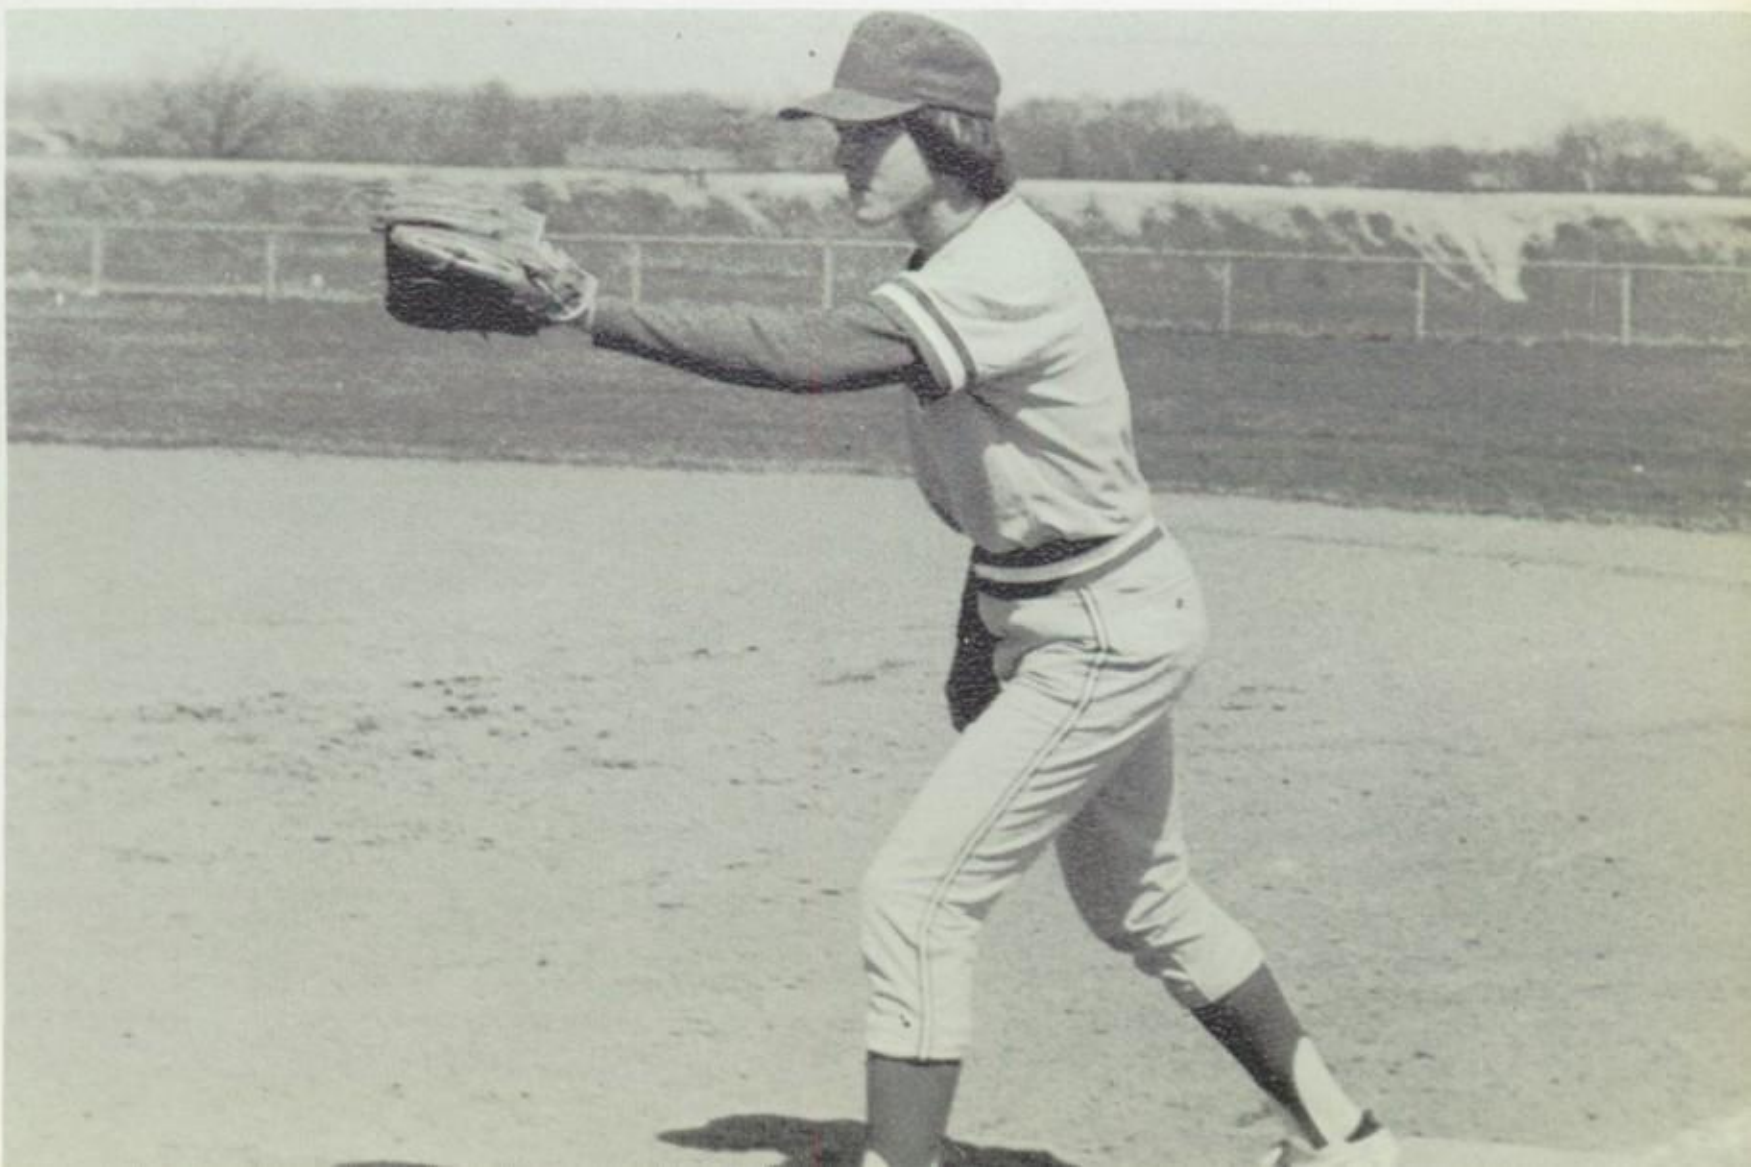
New

Blood

Welcomed

This year the Huskie team has a new coach, Mr. Green. Under his direction the guys of the "Big Red Machine" will try to put it all together. It takes a lot of practice, cooperation, and talent to make up a winning team.

Left: Is is not easy to find the strike zone all the time. But Phil Cole, one of Northern's top pitchers prove: that he can be striking out many opponents.
Below: Dave Losee knows how to play first base and well. It takes a big glove and a long stretch to play first base.



It's All In The Mind

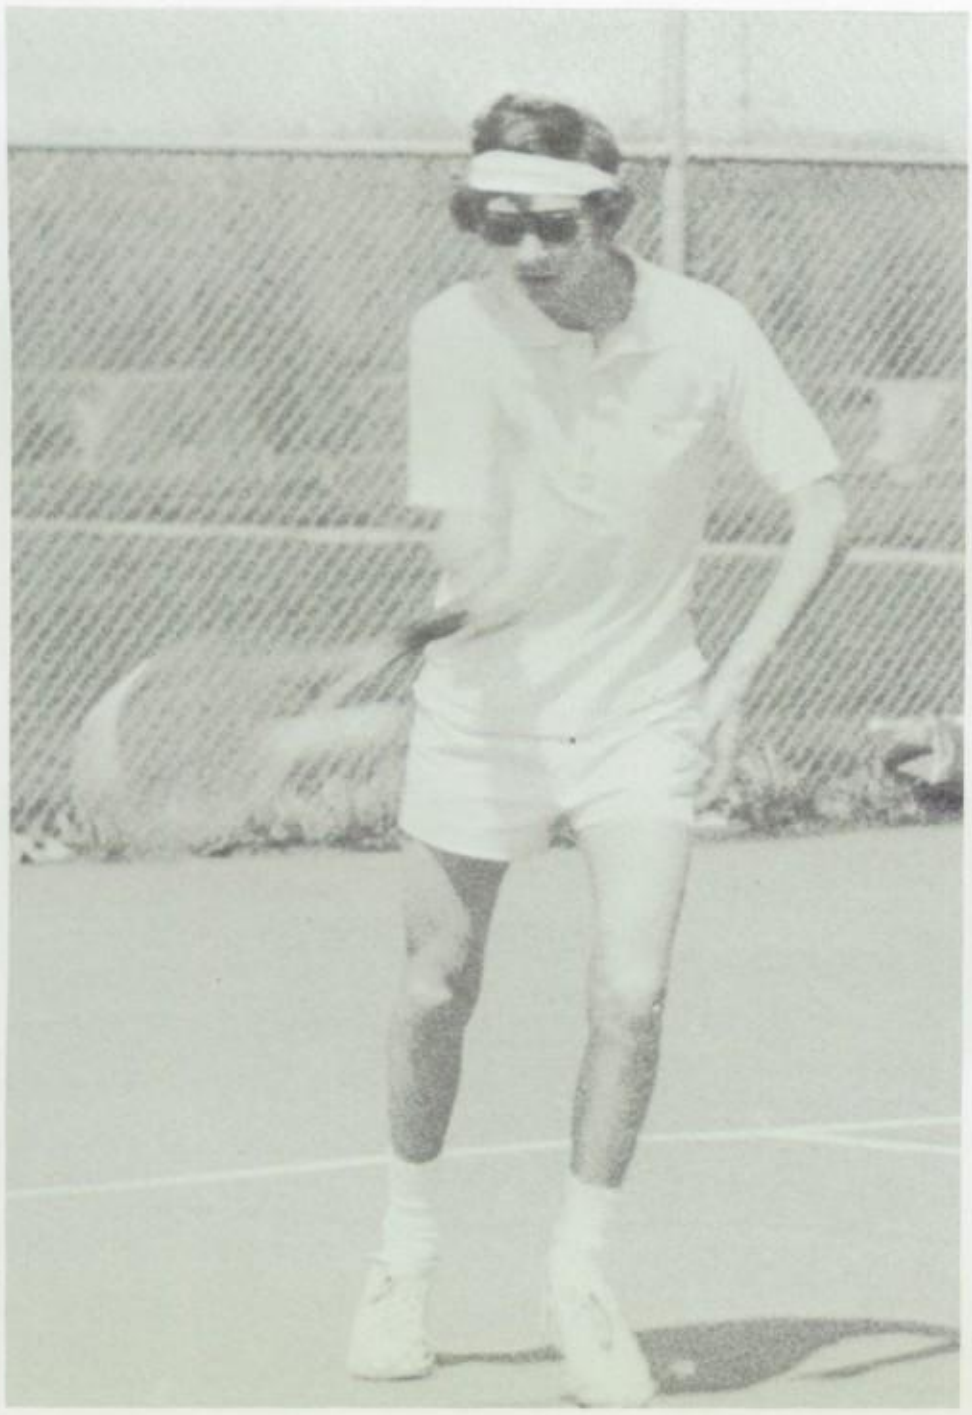
Northern may not have any Jack Nicklaus' but they do have some pretty good players. With captain Keith Smith leading the way the Huskies won 2 and lost 12. Practicing every day after at the Pontiac Municipal Golf Course takes a lot of time and effort. The good times they have at meets is worth all the hard work.

Upper left: Putting takes a lot of concentration and a steady hand. Dave Losee sinks another one as John McKinnon and Dan Wilson look on.
Upper right: Andy Letlow and Tom Miller watch closely as Keith Smith tees off. He drives it long and hard into the middle of the fairway carefully avoiding the sand traps.
Left: The members of the golf team are from left: Greg Atwell, Steve Yates, Dave Losee, Capt. Keith Smith, Jon Beutler, John McKinnon, John Rayner, Andy Letlow, Tom Miller, Steve Pizzala, Dan Wilson, and Coach Wilson.

Forty Plus One Equals A Game

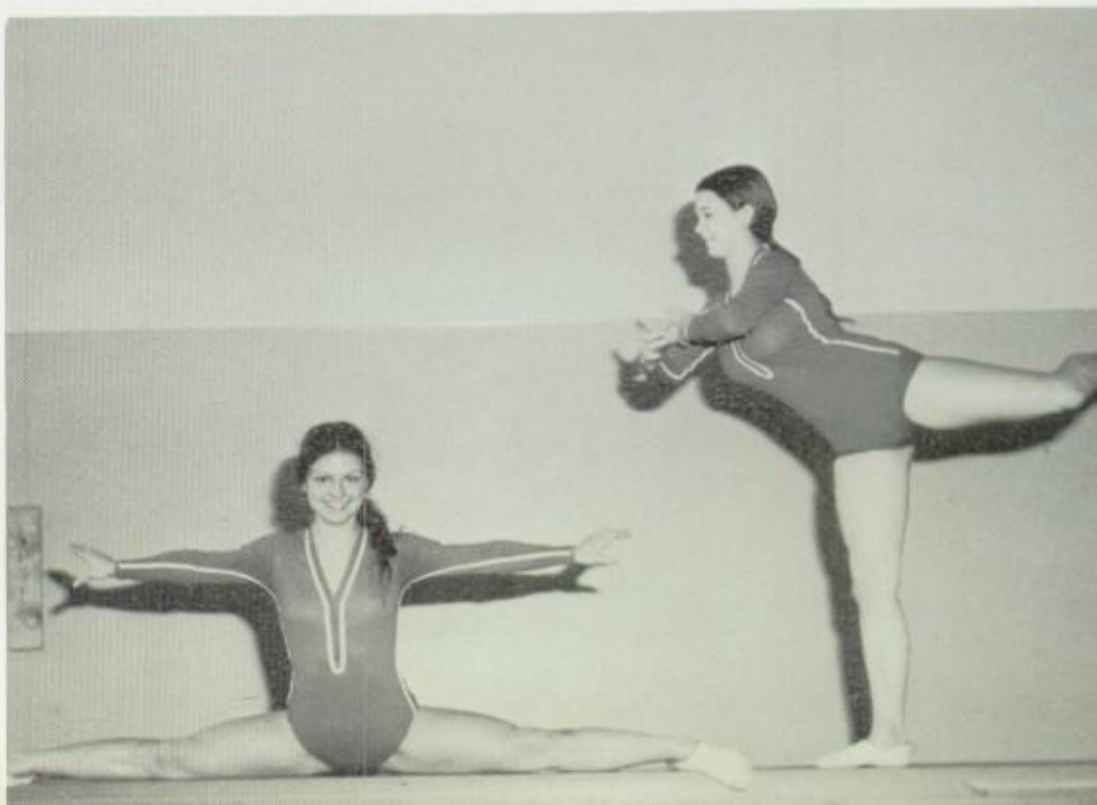
If you are ever wandering past the tennis courts and hear forty love, don't be to surprised. That is just Northern's tennis team on their way to another victory. They practice long hours in hopes of becoming the very best players possible.

Left: Mrs. Currie gives pointers to Keith Smith and Dennis Tank. Mrs. Currie devotes much time to the tennis team trying to form a winning combination.
Bottom left: Gordon Beckley proves that he can play with the best of 'em as he easily defeats another opponent. Gordon is one of the best players on Northern's team and we hope to see him at the state meet.
Bottom right: It isn't easy playing doubles in tennis. It takes a lot of practice and coordination between the two players to come up with a winning combination. Jeff Bean and Steve Shue team up to go against two worthy opponents.



Olga Korbut Here We Come

The gymnastics team had a very good season with some outstanding individual performances.
Top: The members of the gymnastics team are, bottom row: Pam Ervin, Kathy Cameron, Lori Keesling, Mary Ewald, Tina Hoskins, Linda Hoefelmeyer, Vanessa Kimble, Vicky Monroe, Lori Keely. Top row: Kim Twitty, Teresa Gazette, Ibbie Rodgers, Sylvia Kniffen, Paula Sewell, Stephanie Sanders, Teresa Dutcher, Colleen Kearns, and Cynthia Williams.
Above left: Sylvia Kniffen does a straddle jump on the trampoline. Balance is an important part of this stunt.
Above right: Doing a hex dismount off the uneven parallel bars takes long hours of practice as Lori Keesling shows her.
Right: Vicky Monroe and Kathy Cameron perform gracefully on the balance beam which is only four inches wide.



Betsy Ross Did It! We Can Too!

One of the biggest girl's sports at Northern is the softball team. The team was started three years ago and so far it has not done so well. But year's team turned things around. The many returning seniors are a big factor in the success of this year's team. The two hour practices after school each day strengthens every member of the team in fielding and batting as well.

Top left: Linda Green takes a big cut and connects for a big hit. Linda does this well and for everyone knows that hits make runs.
Left: A lot of hustle down the first base line will do it every time. Linda Green is safe again as you can tell by Mr. Johnson's reactions. Let's just hope the umpire thinks so too.
Bottom left: Zelma Carr gets her chance to show that she can get the big hit. Zelma can also play second base as well.

Bottom right: Debbie Jeffrey practices along the side lines while waiting for her turn to go in.

Our Number One Dream

As the old saying goes, "The first year is always the hardest" holds true again for the girls basketball team. With only one win against fourteen losses the year was not a total success. But the players never gave up even though they were down 20 points at times. The fans never gave up either. Nearly every game the McKinney Gym was filled with fans cheering the girls on. With the experience that was gained this year Coach Currie is optimistic about next year.

Upper left: Gwen Guthery sinks another basket as she led the Huskies in scoring.
Bottom left: The members of this years girls basketball team from left are: Manager Shelley Steinhart, Jackie Lavalis, Gwen Guthery, Ruth Wright, Yvonne Threlkeld, Kathy Green, Ora Davis, Cheryl Gilchrist, Carolyn McAtee, Coach Currie.
Bottom right: It isn't easy to play basketball when you are only 5 foot tall but Carolyn McAtee shows that it can be done.

SPIRIT OF '76

The year 1776. Just as the soldiers struggled during the Revolutionary War, we Seniors have struggled to gain the status we now acclaim. To our parents as well as we students, graduating in the class of 1976 was once a dream that has now focused on many of us as a reality.

Having to realize one day we will no longer be Mom and Dad's little ones but Mom's and Dad's making decisions for our own children and moving over the humps of yesterday to become the leaders of today.

The year 1976. 200 years have elasped. Progress, such as, radio, television, airplanes, computer, etc. have been brought about. Dreams have come true, for those of us who are leaving this year as Seniors will be entering into the working world dream a physical reality. We will bring about change for those around us as we did when we walked the halls of our second home, "The Home of the Huskies." Continuing to rally for our own causes and hopefully keeping in mind that we were and always will be the "Spirit of '76!"

The class of '76 shows the spirit of '76, as the senior float took first place in the float competition. This bicentennial float drifts on a memory as it remembers America when it was young.

This years varsity cheerleaders were made up entirely of seniors. These girls always put on a great performance at pep assemblies as well as on the field or court. (Bottom) Twila Criviea, Geri Carr, Clint LeVert and Terry Beltz. (Top) Deniece Burnett, Maria Rivera and Mary Menter.

Investigators of Spirit

Coming back to a successful season, we have our returning lettermen for the baseball team. They are: Phil Cole, Ricky Holland, Larry Brinker, Randy Ludwig, Don Payne.

Above: Clintonese LeVert, varsity co-capt. has only been on varsity one year but shows a powerful amount of spirit as she helps to cheer the students on.

Taking the All Conference Championship this year, Pontiac Northern is very proud of their wrestlers: Bryant Long, Tom Rayner, Tom Terrell, Henry Gordon, Ed Adams, and Reggie Price.

Right: Swimming is not an easy sport, it takes a lot of patience and speed. Our senior swimmers managed to help the team in a splashing victory over Walled Lake Central. The seniors are: Rick Luxon, Mike Perrier, Ken Lauinger, Kip Eberle, Gordon Barnhart, and captain Lyle Bigger.

A Corner Of Realities

This football season has not been an easy one for the Huskies, but they managed to spark up a few victories anyway. Here are some of the winners: Ken Daniels, Butch Bard, Jeff Armster, and Dennis Smith.

Gymnastics is not an easy sport to get into. The girls have to be very skilled. These girls are: Sylvia Kniffen, Lori Keesling, Kathy Cameron, and Vicki Monroe.

The Catalina show wcs a swimming success as proven by seniors, (1st row) Cathy Porritt, Cindy Young, Ina Workman, Sherri Dotson, (top) Ronnie Flores, Donna Weaver, Mary Menter, Vicky Sabins, and Edith Trudeau.

Leaving the basketball season with a 13-3 record. the Huskies are very proud of their basketball players, not only that but according to Coach Hall, his varsity players show the best attitude out of all his varsity teams, perhaps this is why they did so well.

The senior members of that team are: Dennis Cosby, Ed Stroman, John Lewis, Ken Haynes, Jeff Armster, and Don Payne.

Avalanche Staff

Mr. Kenneth Ferguson
Advisor

Donna Weaver
Editor-in-Chief

Dear Huskies,

With the 1976 bicentennial year here the people of Pontiac have become more patriotic. Greatly contributing to our enthusiasm is the Pontiac Stadium, one of the largest stadiums ever built. Another contributing factor was the naming of Pontiac as an All American City. Our city was one of twelve cities that received this honor across the nation.

There are many people involved in producing a yearbook. For the eighteenth edition, the staff would like to thank Mr. Al Weatherly and Ms. JoAnn Stoll from Graphic Creators, Mr. Frank Storer from Storer-Spellman Studios and Northern's free-lance photographers, Steve Porritt and Tony Simuel. We also sincerely thank the Pontiac Northern Huskies. Without their smiling faces there would be no yearbook to represent treasured memories.

Once again Mr. Ferguson has advised another staff. The Avalanche girls thank him for his advice, help and encouragement when things got hectic.

We hope that this bicentennial Avalanche will bring back happy memories of your years at Northern, and that the coming future will see your "Dreams into Realities."

Sincerely,
Donna Weaver
